Fifty-Ninth Year Canyon, Texas, Wednesday, March 9, 1955 Number 48

Dallas Firm To Make Bid In Tax Survey

Erik Ehrenborg Appraisal Company was represented Monday before the special meeting of the Commissioners Court for the purpose of seeking a contract to make a tax survey of Randall county.

Mr. Ehrenborg was present to answer questions as raised in the meeting of the court. He promised to file his bid within a week or 10 days on the work as outlined by the court.

In the meanwhile, the city of Canyon and Canyon Independent School District will be contacted and an effort made to bring this territory into the survey.

It is necessary that the work be done every five years in order to be effective, explained the representative. He stated that his company could finish the survey and place the results in the hands of the Commissioners Court in time that property be placed on the tax rolls at survey prices.

It was clear that members of the court were fearful that land values would be too high under such a survey. A false value has been set on farm land by speculators from Amarillo who have big incomes from other sources and do not care whether or not their farms produce any income.

Only a fair and normal value will be placed on the property surveyed, according to counties in which the firm holds contracts.

Utilities and big corporations are not paying their just share of the taxes, according to this representative. "But we are not out to punish the big and powerful. We want to be fair and to place as fair a value on all property whether it be the property of the poor man or the richest corporation in the county."

Randall county has a tax roll valuation of $18,005,000 this year, stated Collector Bill Money. There are about 14,000 receipts issued annually on real property.

Irrigation wells are added to the value of the land, stated the representative, who has surveyed property in Potter county for several years. "The cost of equipment in irrigation wells must be considered as personal property," he stated.

The greatest discrepancy on the tax rolls in county is in the field of personal taxes. Only a few persons render money, stock, bonds or notes.

Due to the fact that the firm has already made a survey of the Amarillo School District, which has about 20 sections of land in Randall county; the Palo Duro State Park, Buffalo Lake and College lands being taken off the tax rolls, the representative feels that survey, if his firm gets the job, should be a comparatively short one. It is planned to use equipment in the County Clerk's office for making permanent files.

Teachers To Attend District Meeting Friday

Canyon Independent Schools will be closed Friday in order that teachers and administrators may attend the annual meeting of District IX State Teachers Association.

Dr. Emmett Smith is president of the district organization and in cooperation with other officers of the district has an interesting program to offer teachers from throughout the area who will be in attendance.

Elizabeth Beckman Has Good Record

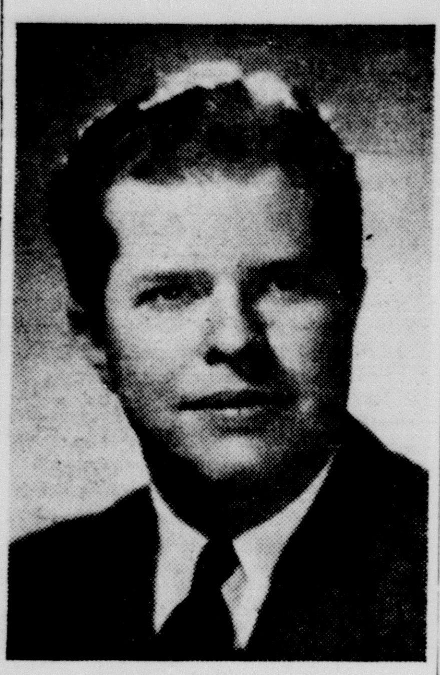
Miss Elizabeth Beckman received the highest score in the written examination which tested the knowledge and aptitudes of girls in the home living class. She is now entered in the national contest to compete for the title of "All American Home Makers of Tomorrow." She received a gold pin award and cook book for herself and the class in her school.

General Mills sponsors this program. The aim is to assist schools in building in young women a deeper appreciation and understanding of the American home and personal qualities necessary to successful homemaking.

Elizabeth is a senior student in St. Scholastia Academy in Canon City, Colo. She is the daughter of Mr. and Mrs. Clarence Beckman of Umbarger.

Mr. and Mrs. H. C. Rogers of Stamford and Mr. and Mrs. W. H. Rogers of Idalou visited in the home of Mr. and Mrs. C. F. Rogers during the week-end.

Heads Rotary - - -



DR. C. R. NESTER

Dr. Charles R. Nester was elected president of the Canyon Rotary Club Tuesday by ballot. He is a member of the staff of Neblett Hospital and Clinic and has been very active in the Rotary Club's program.

Other members elected were:
Frank Morgan, vice-president.
Dudley Bayne, secretary.
Bill Davis, treasurer.
Directors: Melvin Calliham, J. B. Roberts, Jack Haley, Don Standley.

$900,000 Will Be Delivered

Randall County will receive the money from the bond issue voted January 11th within the coming week, according to buyers of the bonds who were here Monday.

The bonds were signed and delivered to the buyer before 3 o'clock Monday afternoon. They were shipped from Amarillo Monday night by express to the Comptroller of Texas, who will sign them and deliver the papers to the bank in Austin for payment.

Due to the fact that all of the $900,000 will be needed for the right-of-way purchase, the bonds were sold to the buyer.

The money from the bond purchase will be deposited in the First National Bank, depository for Randall county, and will be paid out by check for the right-of-way land as it is purchased. Bank officials estimate that all of the bond issue will be spent before the end of the year.

Governor Shivers Takes No Action on Board Member

Governor Allan Shivers has sent no name to the Senate for confirmation for the place of Newton Harrell on the Board of Regents of Teachers Colleges.

About two weeks ago the Governor asked Senator Grady Hazlewood for his opinion on Mayor Henry Sears of Hereford for a place on the Board. Sears was approved by Senator Hazlewood and Senator Andy Rogers of Childress.

Senator Hazlewood reported to The News Monday that this was the last he had heard of the appointment.

Mr. Harrell has served for 12 years on the Board of Regents. He was very anxious to be relieved from the job because it was taking too much time.

Ross O. Service Funeral Set For Thursday p. m.

Funeral services for Ross O. Service will be held at the Griggs-Warren Chapel Thursday afternoon at 2:30 o'clock, conducted by Rev. Edgar Irvine of the Methodist Camp ground.

Mr. Service was 70 years of age. He died Tuesday afternoon following an illness of more than three months. He was a contractor by profession and has erected a number of business houses and homes in Canyon. The family had lived in Canyon 21 years.

Survivors are the widow, Mrs. Emma Service of Canyon; two sons, Tommy Service of Odessa and Don Service of Canyon; two sisters, Mrs. Onus Wells and Mrs. C. M. Williams of Midwest City, Okla.; one brother, Leo Service of Union, Miss.

Mr. and Mrs. T. S. Stevenson, Sr., left this morning for Phoenix, Ariz., where they are visiting in the home of their daughter, Mrs. Fred Jennings, Jr., and her family.

Jim Green of Ralls, former resident of Canyon, visited here Friday with friends.

Specialist From A&M To Meet County Farmers

Randall County farmers will have an opportunity to hear of what is new in crops, soils, fertilizers, and irrigation on March 18. On that day a group of specialists from the A & M College Extension Service will hold a soil fertility, irrigation, crops, and fertilizer meeting in cooperation with John Brazzil, the Randall County Agriculture Agent.

The meeting will be held in the Farm Bureau auditorium beginning at 1:30 p. m. The session will be over by 4:30.

Duke Thornton of Texas A.&M. will handle the discussion on fertilizer. Duke is recognized as Texas' best authority on this subject. Bob Thurmond, irrigation specialist, will talk on our underground water, its value and its uses. Jack Barton will handle the soil phase of the meeting. For more information on this important event contact John Brazzil, County Agent.

Births

A son was born to Mr. and Mrs. Conrad Martinez on March 4.

Mr. and Mrs. Edward Weick are the parents of a son, born March 8.

Mrs. Lillian Smith Leaves Hospital

Mrs. Lillian Smith resigned her position as manager of the Neblett Hospital on March 1st, taking a position in Amarillo.

No one will be selected for the position stated Dr. Charles Nester this morning, but the work will be divided among present employes. A former secretary has been added to the staff.

Marine Corps Needs Women to Enlist

College women above sophomore standing are needed in the Marine Corps, according to Captain Mary Sue Mock, who is stationed in Amarillo.

The 1955 summer session will start June 27 at Quantico, Va.

Young women who have graduated from college may receive a commission after the 12 weeks training period. They must be between 21 and 27 years of age. They must remain single during the period of service.

Local Boy To Sing the Leading Role

BATON ROUGE: Glenn Dowlen of Canyon will hold a feature role in "Gianni Schicchi," a major opera production to be presented at the Louisiana State University Theatre next month.

"Gianni Schicchi" is a comic opera about the falsification of a last will. The opera will be sung in English. Dowlen will portray the roles of the physician and notary.

Dowlen is the son of Mr. and Mrs. Glenn W. Dowlen of Canyon.

Mr. and Mrs. Charles Thompson of Jefferson, Iowa, spent the week-end at the home of Mr. and Mrs. A. M. Currie and family. They are old friends of Mrs. Clyde Warwick and spent Sunday with her.

Mrs. Mayme Spaunhurst and nephew, little Tommie Lair, spent the week-end in Knox City with her parents and his grandparents, Mr. and Mrs. E. B. Shaver.

Mr. and Mrs. Charles Marshall and son of Arch, N. M., were in Canyon Tuesday attending to business matters and visiting with relatives.

Richmond Hales Heads Plainview Dairy Show

The nation's oldest and third largest dairy show, now in its 28th consecutive year, will open April 9 and continue through the 15th.

The Intercollegiate Dairy Cattle Judging Contest drew much favorable comment and attracted some eight college judging teams. Texas Texas Technological College won most of the awards last year.

In 1955 some 65 4-H and F.F.A. teams were represented at the dairy show involving approximately 200 high school students.

Another division which draws a great deal of interest is the Dairy Products Judging Contest.

President Richmond Hales of Canyon stated that he expected the entries this year to exceed last year's entries due to the fact there had been a definite increase in dairy cattle the past year.

President Hales stated that the official judge for this year's show will be Dr. W. H. Cloninger, professor of Animal Husbandry, Texas Technological College.

President Hales also stated that the catalogues will be off the press and will be mailed in the next few days.

The show is open to breeds in the state of Texas, New Mexico and Oklahoma, and a general registration of over 400 head of cattle is expected.

Vacant House Survey Made

A national survey to determine the rate of housing vacancies will be conducted beginning in March by the U. S. Census Bureau, according to Supervisor Taylor W. Golden of the Bureau's district office at Amarillo which will participate in the collection of the information.

The housing vacancy survey will be carried out in connection with the Census Bureau's Current Population Survey which collects facts on employment and unemployment. Information to be collected about vacant dwelling units encountered in the 25-thousand-family Current Population Survey sample panel includes number of rooms in each unit, rent asked, sales price, whether the dwelling is a single-family or multi-family unit and whether or not it is available for seasonal or year-around occupancy.

The Current Population Survey will be conducted locally and in 229 other areas of the country during the week of March 14. Local interviews will be handled by Mrs. Sue Slack of Amarillo.

Avent Lair Was Named County Attorney by Court

Avent Lair was named County Attorney for Randall County Monday by the Commissioners Court. Mr. Lair resigned as Assistant District Attorney before coming to Canyon to practice law.

Senator Grady Hazlewood stated yesterday that the House of Representatives had not acted upon the bill which he passed in the Senate for a separate District Attorney for Randall county. He would contact Representative Bill Andis and Representative J. Edgar Wilson to get the bill passed as soon as possible.

Lair will serve as County Attorney until such a time as the Legislature acts upon the bill, and appointment of a District Attorney by the Governor.

Audubon Society Slates Meetings

The Texas Panhandle Audubon Society has scheduled two meetings in March. The regular monthly meeting will be held on Monday evening, March 14, at 8 p. m. at the YWCA in Amarillo. Speaker will be Dick DeArment of the Texas Game & Fish Commission.

The society has scheduled a field trip on Sunday afternoon, March 20, to begin at 2 p. m. from Camp Don Harrington. Interested persons are invited to attend either or both of these meetings and are invited to become members of the society. The April meeting will be held in Canyon.

The Texas Panhandle Audubon Society is an affiliate of the National Audubon Society and members enjoy the privileges of both organizations. Local inquiries concerning membership may be directed to Joe H. Bailey, president, or Charles E. Wright, secretary.

Mr. and Mrs. Billy Carl Morton, who are attending Texas Tech, visited relatives and friends in Canyon Friday.

Canyon Is Only Texas Town Considered Site Cowman Hall

Canyon was one of ten cities left in the running for location of the proposed Cowboy Hall of Fame. A meeting will be held in Denver on March 15th which will be attended by J. Evetts Haley and C. Boone McClure to present the claim of Canyon for the location.

Late in December the idea was conceived of establishing such a Hall, and Governors of 18 Western States were asked to appoint two members of a board to direct the operations. Haley and A. M. G. Swenson of Stamford were named by Governor Shivers to represent Texas. Stamford did not enter the race for the location. Canadian and Amarillo asked for the Hall of Fame.

The idea has been batted around, but no name has been selected. It is proposed that the hall will be dedicated to the cattle industry, and at the Denver meeting this will probably be finally decided.

Canyon was left in the running because of the million dollar plant of the Panhandle-Plains Museum and the vast store of relics which are directly connected with the cattle industry.

It was proposed that $300,000 would be raised to house the Hall of Fame. The fact that the Museum is well staffed and has facilities for such a Hall in conjunction with the plant will be stressed at the Denver meeting on March 15. So far no money has been raised, and no plans made for the annual operation of such a building if and when it is built.

The ten towns selected as possible sites are Canyon; Cheyenne, Wyoming; Colorado Springs, Colo.; Dodge City, Kansas; Las Vegas, N. M.; Miles City, Montana; North Platte, Nebraska; Oklahoma City, Okla.; Prescott, Arizona; Rapid City, South Dakota.

According to the records of museums throughout the nation, the cost of operating a museum runs up to $50,000 per year.

A meeting of the directors of the Panhandle-Plains Historical Society was held Saturday when definite plans were adopted to make a specific bid for the new Hall of Fame to be operated in connection with the Museum. This cost would be much less in Canyon than in other towns where museums are not in operation at the present time.

While the entire plan for the Hall of Fame has not been worked out, the plan is endorsed by local citizens who are interested in building the greatest plant in the west.

Governor Shivers has been contacted regarding the matter and has offered to give all of his influence toward securing the new Hall and to urge whatever action that may be needed for the operation of the plant in Canyon.

Following the meeting in Denver March 15, the location committee will leave for an inspection of the sites offered by the ten cities. When this committee will visit Canyon has not been decided. Members of the site committee are Ray Schnell of Dickinson, S. D., chairman; Albert K. Mitchell, Albert, N. M.; A. M. G. Swenson, Stamford; John D. Lewis, Monticello, Utah; Fred H. Dressler, Gardnerville, Nevada.

A meeting of the directors of the Panhandle-Plains Historical Society was held Saturday attended by Dr. L. F. Sheffy, president, C. Boone McClure, secretary, S. B. Whittenburg of Amarillo, J. Evetts Haley of Canyon, Henry Sears of Hereford, Harold Bugbee of Clarendon, Newton Harrell of Claude, Dr. James P. Cornette of Canyon.

Another meeting will be held next Saturday at which time more information will be available for decision.

Truett Hull, president of the Canyon Chamber of Commerce, Roland Black, secretary, and Guy Carlander, architect for the museum, also attended.

The Randall County Commissioners Court voted Monday to send a resolution to Denver urging that Canyon be selected for the site of new Hall of Fame.

February Permits Total $448,850

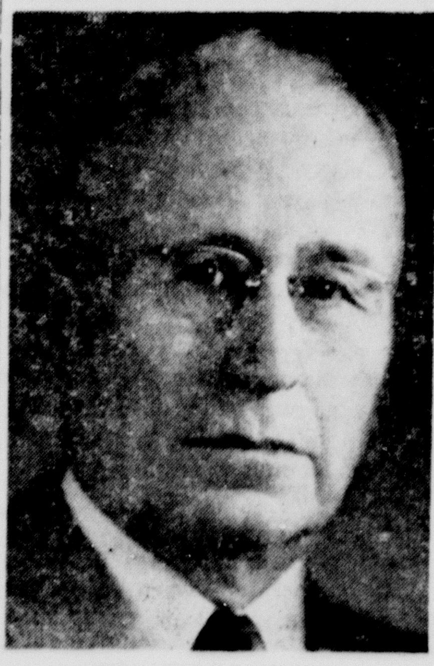
Nearly half - a - million dollars worth of building permits were issued at City Hall for the month of February. City Secretary Dudley Bayne reported 11 permits being issued for a total of $448,000. The big structure that added a great deal to the building figure was the $370,000 dormitory at West Texas State College.

The huge February building boom is quite a contrast to the January figure. During the first month of 1955 there were three permits issued at City Hall for a total of $27,500.

Seven of the February permits were issued for residences. The other four were for a washhouse, a garage, an addition to a residence and the dormitory at WTSC.

The permits held a fairly steady pace throughout the month. One was issued on the first day of the month and one on the last day. Others were issued on the 9th, 10th, 11th, 16th, 22nd, and 23rd. Two permits were issued each day of the 10th, 22nd, and 23rd.

Dr. Lee Johnson to Retire at the End Of Summer Term



DR. LEE JOHNSON

Dr. Lee L. Johnson, professor and chairman of the School of Business and Public Administration at West Texas State College since 1939, and associated with the college for 32 years, will retire at the end of the first summer session, President James P. Cornette announced Tuesday.

Upon his retirement at WT, Dr. Johnson will become more actively engaged in the Estate Life Insurance Company of Amarillo, a business for which he is now secretary. He will have charge of the home

(Continued on last page)

Boone McClure Gave Childress Talk Sunday p. m.

C. Boone McClure, curator of the Panhandle - Plains Historical Society, made a talk at Childress Sunday afternoon.

He was accompanied by Mrs. McClure and attended a tea following the meeting of the club where he talked on pioneer days of the Panhandle.

MRS. ANDERSON IMPROVED

Mrs. Carl Anderson underwent a major operation in Temple last week. Mr. Anderson and daughter, Mrs. L. G. Johnston, returned home Friday after having spent the week at her bedside.

Another daughter, Mrs. Jozach Byrd, remained with her mother. They expect to return home by the week-end.

Hamblen Funeral Held Friday at Wayside Church

Mrs. Ada Sprayberry Hamblen, one of the pioneer women of this area, died Tuesday, March 1, at 10:45 in Neblett Hospital and funeral services were conducted in the Wayside Community Church at 2:30 Friday, March 4. The services and interment in Wayside Cemetery were under the direction of Griggs-Warren Funeral Home.

The deceased was born April 12, 1883, in Anson. She was the daughter of Georgia Tipton and Afred Sprayberry. When she was one year old her mother passed away and Ada went to live with her maternal grandparents, Mr. and Mrs. P. S. Tipton. Her grandfather Tipton was a Baptist minister.

As a child she saw the Ft. Worth and Denver Railroad begin to move across the vast plains of Texas. She and her grandparents followed the trail furnishing the workmen milk and the religious services the grandfather was able to render. In following the trail they camped at such places as Tascosa and Endee, N. M. After this work they moved back to the Palo Duro Canyon where Ada met and married W. H. Hamblen. To this union 14 children were born. Mr. Hamblen and five children have preceded Mrs. Hamblen in death.

Mrs. Hamblen was a charter member of the Wayside Baptist Church. She also belonged to the Order of the Eastern Star. She is survived by three sons, Alfred, of Canyon, Oleff M. of Torrance, Calif., and Henry T., of Wayside; six daughters, Mrs. Nellie Burrow, North Hollywood, Calif., Mrs. Doris Gillham, Mrs. Ida May Rogers, and Mrs. Osce Parsons, of Canyon, Mrs. Romona Fulton, Chicapee Falls, Mass., and Mrs. Viola Ward of Nipomo, Calif.

There are 24 surviving grandchildren and 12 surviving great-grandchildren.

Officiating at the funeral services was the Rev. Merle Weathers, who was assisted by Jones Weathers.

Pall bearers were grandsons, Beryl Hamblen, Billy Carl Morton, Faye Hand, Guy Hamblen, Bill Canafax, Roger Schrib, Gene Rogers, and Carlton Harvey.

Honorary pall bearers were W. L. Fisher, W. C. McGehee, J. W. McCrerey, F. B. Adams, J. T. McGehee, Mart Hyatt, W. R. Franklin, and James Hale.

Temperature on Jump This Week

Temperature has changed so often and so severe that there was little chance to keep up with the sudden changes.

March came in like a lamb, running the mercury as high as 77 degrees. Then the cold wave hit and the temperature nose dived to 25 degrees.

Then came daily changes of from 55 degrees highest temperature to 30 degrees lowest.

This is March, and the weather has responded to March treatment in the old fashioned manner!

Wayne Cousins Died Of Heart Attack

Wayne Cousins, 61, son of the late Dr. R. B. Cousins, first president of West Texas State, died at his home near New Orleans of a series of heart attacks.

Wayne will be remembered by Canyon residents as a student in W. T. while his father was here. He is survived by his mother, who is past 90 years of age; one brother, General Ralph Cousins; and a sister, Miss Edith Cousins of Kingsville.

Buffs Take Whirl West

The Buffalo basketball team is in San Francisco this week, playing the famous Dons of that city, which is the leading team of America.

The Buffs represent the Border Conference. It all happened this way: The Buffs closed out the season at El Paso, when the Texas Western team defeated the Buffs.

The Buffs had dropped the game to Texas Tech at Lubbock previously to the El Paso trip. For the Buffs to win a clear title, Tech must drop both the New Mexico A. & M. game, played Friday, and the Texas Western game at El Paso. Tech won the first game, staying one game ahead of the Buffs.

Moving on to El Paso, Tech was defeated Saturday night by Texas Western in the game as were the Buffs. This left the Buffs tied with Tech for the Border Conference championship.

A coin was tossed, and the Buffs won. The team left by air Sunday morning from Amarillo. Drawing for places in the college tournament had already taken place in San Francisco. It placed the winners of the Border Conference against the highly tooted San Francisco University team, regardless of who won at El Paso. Thus the game played last night at San Francisco, broadcast at 11:30 o'clock over KGNC.

The Buffaloes lost their game last night in San Francisco to the Dons by a score of 89 to 66. After the first few minutes of play it was evident that the Buffs were no match for the top team in the nation.

Stork Specials

Mr. and Mrs. Al Grabbe are the parents of a son, born March 2 in Las Cruces, New Mexico.

Mr. and Mrs. Tom Knighton of Perryton are the parents of a daughter born February 15. Little Miss Jennifer Sue is the granddaughter of Mr. and Mrs. T. H. Knighton and Mr. and Mrs. Dan Sanders.

Mr. and Mrs. Bobby Lane are the proud parents of a daughter, born March 8 in Northwest Texas Hospital. The young lady weighs 7 lbs. 3 oz. Mrs. Lane is the former Mary Ann Shelnutt, daughter of Mr. and Mrs. W. E. Shelnutt.

Mr. and Mrs. Joe Abbott of Winslow, Wash., are the proud parents of an eight pound daughter, Debra, who was born on March 5. Mrs. Abbott will be remembered as Ruby Lee Bond, daughter of Mr. and Mrs. W. F. Bond.

Pvt. Billy Cunningham, son of of Mr. and Mrs. A. M. Cunningham, who is stationed at Fort Ord, Calif., attending clerk typist school, made the honor roll with a grade of 95. His wife is attending school in Canyon.

EDITORIAL COMMENTS

Governor Allan Shivers Is For Independence of Voters

Governor Allan Shivers talked to a large group of Texans Wednesday night in Dallas on Texas Independence Day.

You will recall that the secretary of the National Democratic party put out the word recently that he would sit down with Governor Shivers and try to iron out political differences.

Before this word had reached print, another Southern Governor had declared that under no condition would his state remain in the Democratic ranks if the Democrats put up the candidate for President in 1956 former Governor Stevenson of Illinois.

You will recall that Governor Shivers made a trip to Illinois to confer with Stevenson as to his attitude on the tidelands bill which President Truman had vetoed. The only report which Shivers brought back from Illinois was that Stevenson would stand by the veto of Truman if and when the law was again passed.

Right then and there the Democrats of Texas decided that Stevenson was not worthy of their support and they switched to General Eisenhower as their candidate.

Shivers stated in forceful words at Dallas that he would pledge his support to no candidate for President before the conventions. He has indicated no choice, but he is certain to be opposed to Stevenson. Furthermore, the Governor said that he would make no pledge under any condition. This will be a blow to those in the Democratic party who think that every Democrat should follow the flag of the candidate selected, regardless of his attitude on public questions.

The Canyon News decided years ago that the Democratic party was its own worse enemy in Texas, and that nothing could possibly be gained by forcing all citizens to belong to this party. We are glad that Governor Shivers feels the same way and will lead the fight against the impossible pledge.

The day of the brass collar has ended so far as a majority of Texans are concerned.

New Train To South Greatly Appreciated by Plainview

Herbert S. Hilburn, editor of the *Plainview Evening Herald*, rode the new Santa Fe train from Amarillo to Plainview the other day. He devoted a column telling of his experiences and observations on the train.

The train made 80 miles per hour from Amarillo to Canyon, and 62.7 miles per hour from Canyon on south. This is better time than the law allows cars to run on this highway.

All passengers were invited to go back to the pullman and take a look at the equipment.

It is a good train according to the evaluation of Hilburn, but it is not paying expenses. More people must ride the train if they expect the Santa Fe to continue with this fine train after the time limit has expired. There were only 12 persons on the train when Hilburn made the trip.

When you travel, ride the trains, if you expect train service to continue.

Trade at Home Is Approved by Plainview Writer in His Paper

Herbert S. Hilburn devoted the second part of his editorial Sunday to those persons in Plainview who thought that they must buy in Amarillo or Dallas, or Chicago.

A few months ago *The Canyon News* created quite a furor among Canyon citizens by calling attention to the fact that Canyon offered as great an advantage as any of these cities. In spite of the fact that no Amarillo merchant pays taxes in Canyon; or donates to the welfare of Canyon, some Canyon folks still think that when goods are bought in the big city, that they save money.

Hilburn ended his editorial with the following suggestion to Plainview merchants, which is equally applicable to each and every town in the Panhandle:

"It should be the constant aim of merchants to make people want to trade in Plainview. Serving them well and pleasantly with what they need and want is a desirable goal. To be a greater retail center Plainview must be and remain a place where people like to come for good shows, baseball, rodeo, church gatherings, farmers' gatherings, education, amusement and entertainment, livestock activities, etc., etc., as well as because we have everything people want to buy at a price they are willing to pay."

Plains Boys Have Trouble in Getting Hotel Reservations

We are pained to see that some boys from Plains towns have been hard pressed to get hotel reservations in Austin because of the action of athletic teams from these towns in other years.

Even adults have been turned away from Austin hotels because of the action of other adults. Stealing towels and other articles from hotel rooms, and useless destruction of property is a very poor recommendation of citizenship of the Panhandle of Texas.

When hotels refuse to admit athletic teams, it is time for inspection by local citizens.

Pay Increases For Members of Congress Is Badly Needed

Congress has voted itself an increase in pay and the bill has been signed by President Eisenhower. At the same time the pay was hiked for all federal judges, attorneys and their assistants.

The pay for congress is now $22,500.

Just why any person would want the job at such a low salary beats us. We have heard some average country lawyers in the Panhandle who made more money than the members of Congress will receive, without the necessity of running for the job.

If you don't know the anguish and expense of running for public office, just try it out once. If every person was forced to run for public office one time he would feel more kindly toward office holders.

Advertising in *The Canyon News* is worth all it costs. It produces results for the business men who mixes intelligent sales effort with printer's ink.

The happiest life is to be found around a contented fireside, where some family lives at peace with itself, its fellowmen and God.

Water Problem Resolves Into a Fight Between Farmers, Cities

Water is the pressing problem of each and every town in Texas.

Here we have opposition expressed by the municipal contractors of Texas, first the water control and, secondly, to the proposal of the President in building super highways.

In the first instance, objection is raised to water control on the grounds that series of dams at the source of water will work against the interests of big cities in Texas. The argument is made that the present plan is for agricultural economy, and flood water should not be stopped and held away from the cities.

In the second case, the contractors object to building wide highways through cities of Texas since water mains will have to be moved when the highways are widened, and this will cost a lot of money, state the contractors. We presume that it is perfectly okay for the federal government to take all the land it needs in the country, but the poor, big cities must be left alone. Such rot!

The Canyon News Was Highly Praised For Its Cleanliness

The Canyon News entertained a visiting newspaper man the other day who came from Oklahoma, who spent several years in a neighboring town south of Canyon. It was his first visit to Canyon.

"I have seen a number of newspaper plants, but never one as clean and well kept as *The Canyon News*," he stated.

The continued drouth was a miracle in Canyon and Oklahoma alike. Folks are just taking this for granted. They are not as much excited about the situation as they were last year, he stated.

The Canyon News office and plant was very interesting, and much time was spent by the visitor in looking things over. He was likewise interested in the growth of Canyon and the improvements which have been underway in Canyon.

Here at *The News* office we always enjoy compliments of this kind.

Payment of Income Taxes Must Be Made Regardless of Opinion

The time is rapidly approaching when all citizens must file income tax reports for the past year.

There are two ways to look at taxes, both kinds: They are nuisances; or they are necessary.

There are two ways to make out your report: Honestly; or fibe a little. Unless your reports are made out honestly, Uncle Sam is liable to get you, if you don't watch out.

Paying the income tax is both inconvenient and distressing at times, and if all of the money went for worthy causes, it would be fine. Unfortunately it is not always well spent, and therein lies the reason why some folks object to this payment.

So far, no one has found out a way to escape taxation, so just kick in and be satisfied with the results. You cannot do one thing about savings.

Wheat Shortage Discussed in First Texas Labor Bulletin

The first report on the dwindling wheat yield for 1955 has been issued by the Texas Employment Commission from Amarillo.

There is one sentence which seems to sum up the entire situation so far as Texas is concerned:

"Of the 66 wheat-producing countries in Texas reporting on 3,860,000 acres to this office, only 10 counties report the wheat conditions good; 30 report a normal crop in prospect; and 26 report conditions poor as of March 1."

Irrigation is the only reason Randall county is reported to be in fair condition.

As for the balance of the county, sub-normal conditions prevail, even if the green bugs are not too active.

Agricultural shortages may mean further shakeups in Russia in the next year, even while the "decadent capitalist" United States has abundant surpluses of food products, produced on much less acreage than is available in Russia.

When you speak of cooperation, always remember that this includes your cooperation when things are not being done exactly as you would like to see them done.

The way to get something done right is to tell somebody else how to do it and then go ahead and do it yourself.

Businesses succeed when somebody attends to the small details that the average boss is "too busy" to fool with.

The economic world is still a frontier; those who take a chance are the ones who make it fast, or lose their shirt.

Money is not the most important thing in life, despite the fact that quick-rich and slick-rich think so.

It is next to impossible for a politician, these days, to speak out on subjects the way he would like to.

Stop worrying about what your neighbor does and you might be able to take better care of yourself.

Snappy talk does not necessarily indicate superior intellect—it may be ordinary, common rudeness.

Advertising is not a racket, regardless of what some high pressure sellers of alleged publicity may tell you.

Those who get emotional when one disagrees with their viewpoint limit their learning capacity.

Why is it that theater players, especially on TV, over-dramatize even the simplest incidents?

Advertising in *The Canyon News* is a commodity for sale—not something to be given away.

This is a good time of the year for the people of Canyon to become hometown conscious.

Most pep talks include a little baloney, and the baloney is usually necessary to remove the lead.

GOOD AT FIGURES

A modern business firm had just hired a psychologist as personnel manager. The psychologist began by hiring a new secretary for the head of the firm, and the boss was looking on while the expert gave a psychological quiz to three feminine applicants.

"Two and two," said the psychologist.

"Four," replied the girl promptly.

To the same key words, the second girl said, "It might be 22."

The third girl answered, "It might be four and it might be 22."

After the last girl had left, the psychologist turned to the boss. "There," he said, "you have the perfect example of the efficient psychological way of hiring people. The first girl said the obvious thing. The second was suspicious. The third was cagey and wasn't going to get caught. Which do you prefer?"

The boss did not hesitate. "I'll take the blonde with the blue eyes."

LAST LAUGH

A man who was fond of playing practical jokes, sent a friend a telegram, charges collect, which read: "I am perfectly well."

A week later, the joker received a heavy package on which he was required to pay very considerable charges. Opening it he found a big block of concrete on which was pasted the message: "This is the weight your telegram lifted from my mind."

FOUL BALL

Patient: "I dream every night about baseball."

Doctor: "Don't you ever dream about anything else—girls, for example?"

Patient: "What—and miss my turn at bat!"

IN 15 MINUTES.

If not pleased, your 40c back at any drug store. ITCH-ME-NOT has mild anesthetic to ease itch in minutes; has keratolytic, antiseptic action that sloughs off outer skin to KILL GERMS AND FUNGUS ON CONTACT. Fine for eczema, ringworm, foot itch, other surface rashes. Today at J. J. Walker Drug.

NO. 885
NOTICE TO DEBTORS AND CREDITORS

THE STATE OF TEXAS, COUNTY OF RANDALL, TO THOSE INDEBTED TO, OR HOLDING CLAIMS AGAINST THE ESTATE OF MARY A. BURNETT, DECEASED:

The undersigned, having been duly appointed Administrator of the Estate of Mary A. Burnett, Deceased, late of Randall County, Texas, by Roy Joe Stevens, Judge of the County Court of said County on the 18th day of February, A.D. 1955, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said Estate to present them to him within the time prescribed by law at his residence, Canyon, Randall County, Texas, where he receives his mail, this the 18th day of February, A. D. 1955.

L. W. COLE
Administrator of the Estate
of Mary A. Burnett, Deceased.
46t4

STATE OF TEXAS
COUNTY OF RANDALL

By virtue of an Order of Sale issued out of the District Court for the 47th Judicial District, Randall County, Texas, on a judgment rendered in said court on the 29th day of January, 1955, wherein the State of Texas and Randall County were plaintiffs and the Canyon Independent School District and the City of Canyon were impleaded party defendants in the case of the State of Texas and Randall County vs Gordon Lewis, Clyde Austin, Mrs. Dorothy Poe, joined herein by her husband, Franklin Poe, Mrs. C. C. Whitaker, joined herein by her husband, C. C. Whitaker, Mrs. Annie Rusk, joined herein by her husband, Clem E. Rusk, Leonard Lewis and W. T. Lewis, No. 606-T in said Court. Said Order of Sale being issued out of said Court on the 19th day of February, 1955. And I did on the 28th day of February, 1955, at 4:50 o'clock p. m. levy upon the following described land situated in Randall County, Texas, as the property of said Gordon Lewis, Clyde Austin, Mrs. Dorothy Poe, joined herein by her husband, Franklin Poe, Mrs. C. C. Whitaker, joined herein by her husband, C. C. Whitaker, Mrs. Annie Rusk, joined herein by her husband, Clem E. Rusk, Leonard Lewis and W. T. Lewis, said property being more particularly described as follows, to-wit:

The South Half (S/2) of Block Eleven (11), McGee & Hutson Addition to the City of Canyon, as shown in the Deed Records of record in Randall County, Texas.

Said Order of Sale to me as Sheriff directed and delivered I will proceed to sell the above described property on the 5th day of April, 1955, being the first Tuesday of said month between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day at the Court House door of said County, and will offer for sale and sell at public auction for cash on the right title and interest of the said Gordon Lewis, Clyde Austin, Mrs. Dorothy Poe, joined herein by her husband, Franklin Poe, Mrs. C. C. Whitaker, joined herein by her husband, C. C. Whitaker, Mrs. Annie Rusk, joined herein by her husband, Clem E. Rusk, Leonard Lewis, and W. T. Lewis in and to said property.

To certify and witness my hand this 28th day of February, 1955.

L. S. JOHNSTON, Sheriff
Randall County, Texas
47t3

NOTICE TO BIDDERS

Sealed proposals addressed to Roy Joe Stevens, County Judge of Randall County of Canyon, Texas, will be received at the office of the County Judge and Commissioners Court until 1:00 P.M., March 14, 1955, for furnishing all necessary materials, machinery, equipment, superintendence, and labor for constructing certain Road and Bridge Improvements consisting of 2.6 miles of Foundation Course and Asphalt Surface Treatment in Precinct No. 3.

Bidders must submit Cashier's or Certified Check issued by a Bank satisfactory to the Owner, or a Bidder's Bond from a reliable Surety Company, payable without recourse to the order of The Commissioners Court, Randall County, Texas, in an amount not less than five (5%) percent of the largest possible bid submitted as a guaranty that Bidder will enter into a contract and execute bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without required check or Proposal Bond will not be considered.

The Successful Bidder must furnish performance bond on the attached form in the amount of 100 percent of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the OWNER.

All lump sum and unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids and to waive formalities. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. "Unreasonable (or "Unbalanced") unit prices will authorize the OWNER to reject any bid.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions.

Attention is called to the fact that there must be paid on this project not less than the general prevailing rates of wages which have been established by the OWNER and included as a special provision to the specifications.

Instructions to bidders, proposal forms, specifications, and plans are on file at the office of Harvey W. Schmidt, Consulting Engineer, 221 Paramount Bldg. of Amarillo, Texas.

Copies may be secured from the Engineer without cost.

THE COMMISSIONERS COURT
By ROY JOE STEVENS,
COUNTY JUDGE

CITATION BY PUBLICATION

THE STATE OF TEXAS

To any Sheriff or any Constable within the State of Texas—GREETING:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return day thereof, in a newspaper printed in Randall County, Texas, the accompanying citation, of which the herein below following is a true copy.

CITATION BY PUBLICATION
THE STATE OF TEXAS

TO: Albert Vigne, Jr., Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 4th day of April A. D. 1955, to Plaintiff's Petition filed in said court, on the 28th day of October A. D. 1954, in this cause, numbered 2832 on the docket of said court and styled Fannie Alice Vigne, Plaintiff, vs. Albert Vigne, Jr., Defendant.

A brief statement of the nature of this suit is as follows, to-wit:

Suit for divorce, child custody and child support as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 15th day of February, A. D. 1955.

Attest: MAVIS HILL Clerk,
District Court, Randall County,
Texas.

State Capitol NEWS

By VERN SANFORD
Texas Press Association

AUSTIN: Insurance bills have lagged. Water conservation measures are embroiled in dispute. And virtually no start has been made on a taxing program in the legislature.

As a result, lawmakers are eyeing a possible special session.

Theoretical date for such a session is May 11. On that date the legislators' pay for the regular session stops.

It has been suggested that Governor Shivers may have foreseen a bog-down in the regular session, and therefore has not pushed his administration program. During a special session, he would have full control of subject matter which may be introduced.

Tax Bill

Rep. Jerry Sadler of Percilla introduced the biggest tax bill of all.

Promising a lot of controversy, the bill would levy a one-cent per gallon processing tax on all gasoline and distillates produced in Texas. It would: Raise an estimated $160,000,000 a year, repeal the present four-cent gas sales tax, and head off the administration's two-cent gasoline tax increase.

Sadler said its effect would be to reduce the price of gasoline to Texans three cents a gallon. Sixty per cent of the gasoline is exported, tax-free, he said.

Meantime, Rep. Charles Murphy explained he hadn't yet asked for committee hearing on the administration's two-cent gas tax bill, wanting sentiment to jell.

Some Fared Better

Passed by the House were bills outlawing sale of lewd and depraved comic books; permitting women to serve on juries; and regulating leasing for uranium and hard metals.

Amendments to the women's jury service bill narrowed considerably, the list of those who may be called to serve.

Furiously debated, the uranium bill was attacked as a "give away." Rep. Walling of Wichita Falls added two amendments. One will limit each lease to 80 acres to prevent one minor development from freezing exploration on large tracts. Another limits the primary term of leases to five years.

Interest was heightened by reports of a real uranium ore strike in Karnes County.

Rep. Maury Maverick's bill to prohibit cross filing of candidates by two political parties won a favorable report to the House.

Also favorably reported was Rep. Tom Joseph's bill to bring trust companies under supervision of the State Banking Department.

Not Faring So Well

Stymied in a House committee was a bill to increase the filing fee of candidates for the Legislature to $300.

Killed by a Senate committee was Sen. Crawford C. Martin's omnibus water conservation bill. It embraced nine subjects carried in the series of administration bills offered by Chairman D. B. Hardeman of the water resources committee.

Martin warned that unless the Senate reconsidered and kept his bill alive, all others would be subject to being knocked out on a constitutional point of order.

Grand Juries Take Over

Meanwhile, three Grand Juries have stepped in on the veterans' land investigations.

Bexar County's grand jury was quickest on the draw, with two felony indictments. Then the DeWitt Co. grand jury at Cuero fired a double-barrel broadside of 195 indictments against six persons. DeWitt County Attorney Wiley Cheatham started the whole land injuiry.

Travis County grand jury, with venue in every veterans' land transaction, had piles of ammunition and District Attorney Les Proctor had his thumb on the hammer.

Grand Juries in 10 other counties have had some contact with the question.

Work by the Senate investigating committee had dribbled down to a schedule of sessions only every other Thursday.

In intensive hearings each weekend, the House committee approached the question of administration and operations in the Land Office and Veterans Land Board.

Attorney General Shepperd predicted there will be "hundreds of indictments," and indicated more civil suits were in prospect.

Education

UT President Logan Wilson told the legislative finance and appropriations committee the university must have more money, or face the problem of halting its growth or lowering standards.

Requested, for two years for its main establishment, was $9,700,000. The governor's budget recommendation cut this by $2,400,000.

University and college students were to gather in protest of a bill by Senator Ottis Lock. Hearing was set for March 2. The bill would authorize a compulsory $20 per semester student activities fee.

Austin's weather bureau has been in a tizzy answering the many telephone calls from weather-wary Austinites. To calm the atmosphere in the tower at Municipal Airport, a mechanical telephone answering device has been installed.

Callers now are told, "Your call is being answered automatically because the forecaster is busy." A complete weather report follows.

New Highway Maps

Issued by the Highway Department are 500,000 state highway maps for 1955, with a new and simpler fold.

D. C. Greer, State Highway Engineer, pointed out that the old wheeze about needing another map as a guide for refolding an opened travel map, is no longer true.

Auto license purchasers can obtain a special card for use in requesting a copy of the new map.

MISSES $700

Springfield, Mo. — Police who stopped Ed J. White, 22, just an hour after a bank at Republic, Mo., had been robbed of $2,538, found the full $2,538 in the car White was driving — but that wasn't all. White had stolen the car from W. A. Sherman, a skating rink official, who had hidden $700 in it. White, told about the hidden $700, exclaimed: "No kiddin.' And I had to go rob a bank."

EASY

The knife thrower in a carnival touring the country had imbibed too freely and had injured his assistant. However, he promptly found another target for his hurtling cutlery — Lazy Luke, a local store porch sitter.

"You're plumb crazy — takin' that job, Luke," said an acquaintance.

"Why?" drawled the loafer. "Oh, I've got to stand up durin' the act, all right, but the gent throwin' the knives does all the work."

FAITHFUL ANIMAL

Modena, Italy. — Faithful even unto death was the donkey of Ariesto Malavasi, 45, who died recently. The animal broke out of his stable and followed the funeral car to the cemetery. He kicked at those who tried to drive him away and, after the burial, the donkey returned quietly to his stable where he has since refused food.

Benson predicts a 20 per cent rise in exports of cotton.

1955 corn acreage allotted is 8 per cent above that of 1954.

Baseball is more popular than ever, Frick declares.

Helen Keller is now on a 70,000 mile world tour.

Buy, Build, Live in Canyon!

CITATION BY PUBLICATION
THE STATE OF TEXAS

TO: GEORGE W. VAN CAMP, if living, and if dead to the heirs of George W. Van Camp, their heirs or legal representatives, Defendants, Greeting:

You are hereby commanded to appear by filing a written answer to plaintiff's petition before the Honorable 47th District Court of Randall County at the Court House thereof, in Canyon, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 28th day of March A. D. 1955, then and there to answer Plaintiff's Petition filed in said Court, on the 11th day of February A. D. 1955, in this cause, numbered 2890 on the docket of said court and styled NEIL R. JOHNSON ET AL., Plaintiffs, vs. GEORGE W. VAN CAMP ET AL., Defendants.

A brief statement of the nature of this suit is as follows, to wit: In which the following persons are plaintiffs: NEIL R. JOHNSON; MONTFORD T. JOHNSON and MARGARET M. JOHNSON, his wife; GRAHAM B. JOHNSON and GENEVIEVE F. JOHNSON, his wife; EDWARD B. JOHNSON; VETA J. GILES, joined pro forma by her husband, L. C. GILES; INA J. KIDD, joined pro forma by her husband, PHIL C. KIDD; FROMA J. UPDEGRAFF, joined pro forma by her husband, W. N. UPDEGRAFF; ARLINE J. LeFLORE, joined pro forma by her husband, LeROY LeFLORE; ELIZABETH G. GARDNER, joined pro forma by her husband, ROY GARDNER; M. T. JOHNSON, JR.; ELISE J. KINGSLEY, joined pro forma by her husband, CHARLES F. KINGSLEY, JR.; JANET J. STOKES, joined pro forma by her husband, RICHARD E. STOKES, JR.; MARY LELIA HOLMES, joined pro forma by her husband, W. M. HOLMES; ELAINE J. EDWARDS, joined pro forma by her husband, CARL E. EDWARDS; ROBERT A. JOHNSON; WILLIAM F. JOHNSON; NITA J. BEVERLEY, joined pro forma by her husband, ROBERT M. BEVERLEY; PHILIP C. KIDD, JR.; LOUIS E. LeFLORE; MARY L. CLEMENTS, joined pro forma by her husband, RICHARD H. CLEMENTS; JERELYN J. AGAR, joined pro forma by her husband, JAMES R. AGAR; JEAN J. BRANDER, joined pro forma by her husband, STANLEY A. BRANDER, JR.; JOAN J. SHELTON, joined pro forma by her husband, JOHN M. SHELTON, III. And the following persons are defendants: GEORGE W. VAN CAMP, if living, and if dead the heirs of George W. Van Camp, their heirs or legal representatives.

A brief statement of the nature of this suit is as follows, to-wit:

Suit in trespass to try title of certain premises in the County of Randall, Texas: A tract of land known as the northwest part of Section 182, Block 2, AB&M Survey, described by metes and bounds as follows: BEGINNING at a gas pipe at the northwest (NW) corner of said Section 182 for the place of beginning of said tract; THENCE south (S) with the west (W) line of said Section 182, 1135 vrs. to a point in said west (W) line for the southwest (SW) corner of said tract, a stake brs. east (E) 12 vrs.; THENCE east (E) at 12 vrs. pass a stake set in ground, 900.6 vrs. which point is 113.4 vrs. west (W) of the west (W) line of the Santa Fe R. R. right-of-way; THENCE north (N) 16 degrees 55 minutes east (E) 1186 vrs. to a point in the north (N) line of said Section 182, which point is 113.4 vrs. west (W) of the point where the west (W) line of the Santa Fe R.R. right-of-way intersects the north (N) line of said Section 182; THENCE west (W) with the north (N) line of said Section 182 1248.6 vrs. to the PLACE OF BEGINNING; containing 216.01 acres, more or less. Plaintiffs allege that on the 1st day of January, 1955, they owned and were in possession of said premises; that on the 2nd day of January, 1955, defendant unlawfully entered upon and dispossessed them of such premises and withholds from them the possession thereof. Plaintiffs specially plead in support of their title the Statute of Limitations of Ten Years, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Canyon, Texas, this the 11th day of February A. D. 1955.

Attest:
MAVIS HILL, Clerk, 47th District Court, Randall County, Texas.

Naturally ...it's Gas

The modern, dependable, completely-automatic built-in gas ranges are beautiful and flexible, too! Flexibility is the key word with built-in automatic gas range cooking units. Note the convenient burner arrangement . . . the waist-high oven and broiler and the eye-level controls. See your dealer, builder or architect. Install a beautiful . . . modern . . . dependable . . . completely-automatic built-in gas range in your home.

Pioneer Natural Gas Company
FUEL FOR A GROWING EMPIRE

A Tribute To Our Merchants!

Storekeepers, we think, are entirely too modest. They serve you and your family faithfully every day. Yet how often do you remember their importance in your life? The merchant is a businessman. He must carry a heavy investment. He must own his building or pay rent for it. There are clerks and salespeople to pay. And a constantly-changing display of food or merchandise of some kind. The merchant must always make you think that "the customer is always "right." Which isn't always true. So remember the trials and tribulations of your grocer, cleaner, department-store merchant, et cetera. And give them the fairness they deserve!

Local Clubs Are Honored at National Meeting

Canyon and Palo Duro Mother-in-Law Clubs of Randall County were honored at the national convention held in the Social Hall of Polk Street Methodist Church in Amarillo Sunday, March 7.

A certificate of merit was presented to the Canyon club for having been the first club of its kind to organize. Mrs. N. A. Croson, initial president, and Mrs. G. B. Combs, current leader, and both charter members, were among those present for the presentation. The group was escorted to KGNC-TV station where they were interviewed by Johnnie Linn.

After having been active for a number of years the Canyon club grew to such extent that a second club, the Palo Duro club was formed with some of the charter members of the original club taking the lead in forming the second club in order that all mothers-in-law in this vicinity who desired might have an active part.

Mrs. Fred Marshall of the Palo Duro club gave the devotional for the convention.

After the business meeting and the program presented by various clubs, a lovely tea was held to honor all visiting representatives.

Next spring the convention will be held in Amarillo.

Small Business To Be Feature Conflab

A conference for Canyon businessmen, emphasizing the importance of small business to local and national economy, will be held March 31 at the West Texas State College cafeteria. Dr. A. Q. Sartain, professor and chairman of the department of personnel administration at Southern Methodist University, will be speaker and discussion leader.

Sponsored by the Canyon Rotary Club's vocational service committee, the conference will be in two parts. A 4 to 5 p. m. meeting will be for Canyon business owners, and a dinner at 6:30 p. m. is planned for businessmen and their employees as special guests. The public is invited, and reservations may be made through the Rotary Club.

Dr. Dudley Moore, chairman of the committee arranging the conference, said the dinner meeting will be aimed "to show the importance of the people who work for businessmen, and the role they play in the community and nation."

PALO DURO MOTHERS-IN-LAW WILL MEET TOMORROW

Palo Duro Mother-in-Law Club will meet Thursday, March 10, in the home of Mrs. Hugh Kelso with Mrs. George Barker as co-hostess. All members are urged to be present with their homemade hats.

Mr. and Mrs. Austin Fillingim of Petersburg visited her mother Mrs. N. A. Croson, last week and attended the Fat Stock Show. Mrs. Croson returned hime with them to spend the week-end.

Players To Give 'Rope' Mar. 22-24

The spine-tingling suspense mystery, "Rope," by Patrick Hamilton has been selected as the major spring production in the Branding Iron Theatre at West Texas State College. The three-act drama, to be sponsored by Alpha Psi Omega, national dramatics fraternity, will be presented March 22-24.

William A. Moore, director of BIT dramatics, has named his cast of eight, and rehearsals have begun. The production will be given on three consecutive nights, with curtaintime at 8:15 p. m.

Named to roles were Bobby Vandergriff, Canyon, as Brandon; Jerry Williams, Canyon, as Charles; Buddy Knox, Canyon, as the butler; John Welton, Pampa, as Raglan; Pat Starr, Amarillo, as Leila Arden; Eugene Hill, Canyon, as Sir Johnston Kently; Margaret Houston, Pampa, as Mrs. Bebenham; and Jim Perkins, Rupert Cadell.

The play, while set in London, is based on an actual "thrill-killing" in the 1920's in Chicago—the infamous Leopold-Loeb case. The movie version of "Rope," made some years ago, returned the setting to America. All action takes place in a single room, where the youthful killers hold a micaber party over the concealed corpse of their friend, whom they have killed for "an experience."

Mr. and Mrs. J. L. Matthews returned Wednesday morning from a three-day visit with his mother and other relatives at Iowa Park.

Speaker Selected For Faculty Meet

Dr. John Newport, professor of philosophy of religion at the Southwestern Baptist Theological Seminary, will be the keynote speaker for the annual Tri-State Faculty Conference on Moral and Spiritual Values in Higher Education, slated March 19 at West Texas State College.

Program for the conference has been completed, and all sessions will be held in the single day, differing from the two-day meetings of the past two years. The conference will open at 9 a. m. and close with a dinner meeting at 6 p. m. The day's meetings will be in the Branding Iron Theatre, with the dinner in the Blue Room of the cafeteria.

A $2.00 registration fee may be sent to Virgil Henson, business manager of WT. The banquet ticket will be $1.75.

Dr. Newport, who will open and close the conference with addresses, is a graduate of William Jewell College (Mo.), the Southern Baptist Theological Seminary, where he earned the Th.M. and Th.D. degrees, and the University of Edinburgh, Scotland, where he was granted the Ph.D. degree in 1953. He has done additional study at Basel University and Zurich University in Switzerland, University of Tulsa, Tulane, and Columbia University.

He has been pastor in Kentucky, Mississippi, and Oklahoma, and has been professor of religion at Baylor University and the New Orleans Baptist Seminary.

DUTIES OF WOMEN JURORS TOLD TO EDGETOWN H. D. C.

Judge Roy Joe Stevens conducted a discussion on the duties of a woman juror with the Edgetown Home Demonstration Club at its meeting in the home of Mrs. Jeannette Robbins on February 25.

Members present were Mesdames H. C. Gentry, Lillie Foster, Velton Sorgee, Roland Hicks, Curtis Lehnick, Charles Stratton, Sallie Burgess, Rae Walters, J. P. Taylor, Deene Donnell, Piner Stevens, W. H. Sparks, and the hostess.

Next meeting will be March 11 in the home of Mrs. Charles Stratton.

Mr. and Mrs. Riley Troth attended the funeral of Dale Hetrick in Amarillo Monday. Dale was killed in a motorcycle-car accident Saturday night.

CARD OF THANKS

Words fail to express our thanks to our many friends in the Wayside and Canyon communities for all the food, flowers and every expression of sympathy extended us while our mother was in the hospital and at her passing. The children of Ada Hamblen.

We wish to express our sincere appreciation for the many kindnesses shown to us through words, deed, flowers and food during the illness and passing of our mother. We shall never forget you. Mr. and Mrs. Chas. Sutton, and W. L. Haulman and family.

Crippled Children Was Theme Rotary Luncheon Tuesday

W. E. Miller, county chairman for the Crippled Children's drive, spoke Tuesday at the Rotary Club luncheon. Raymond Raillard was in charge of the program and introduced all members of the county committee who were present, including: Mr. Miller, president; Dr. Dudley Moore, vice-chairman; Mrs. Clyde Warwick, secretary; Don Standley, treasurer.

Miller became interested in the crippled children's work three years ago. He was one of 16 Canyon citizens who were members of the Lions Club to attend the El Paso meeting. The challenge was made to the Lions to start the Kerrville Crippled Children's Camp. Canyon had contributed only 50 cents per member of the Lions Club the year before, but that year sent $1,000 to the home.

Too much cannot be done for crippled children was Miller's opinion. He recited small gifts which have been made to crippled children in Randall county and the good which they had done.

Citizens of this area are taking a greater interest in the work.

Randall county was the 83rd county in Texas to be organized, but we stood 55th in the amount of money raised for the work. When counties are organized they send only 25% of the money raised to the state and national organization, and the balance is devoted to home work.

Dr. Dudley Moore recited the history of one case which was being treated in Randall county.

Mr. Miller closed by urging all citizens to use Easter Seals which will soon be distributed, and to give as liberally as possible to the cause.

Dr. J. A. Hill presented a resolution from the club for the work done by Clyde Warwick, a charter member of the club.

"The Great Adventure," a motion picture, will be shown on March 22. All Rotary Anns are urged to attend.

Visitors were: Fred Phillips of Dumas; E. H. Miller of Snyder; H. C. Fisher of Kansas City, Kans.; Jimmie Kuhlman and Barry Clark, junior Rotarians; Van H. Allms, E. Kancher, Guy Carlander, J. J. Sanders, Charles Young, Horace Griggs, Bill Griggs, Bob Denman, C. W. Seibel, Guy Sanders, L. S. Shomell, all of Amarillo.

Russian Shakeup Could Be a Sign For Better Relations: Cease Fire?

WASHINGTON: Contrary to the view which has been most often expressed in the press, many Washington officials see the recent shakeup in Moscow as a sign of Soviet weakness. If this estimate of the situation is correct, the changes recently made do not mean the chances of war, initiated by Russia, are greater.

It is obvious that the changes took place amid a flurry of bold words from old Communist leaders, but whether these tough words mean anything more than a hard-boiled front for a new hierarchy is a good question. Hard words from Moscow often hide internal stresses and changes.

President Eisenhower himself hinted that the changes in Moscow might be a reflection of weakness when he told reporters, just after the changes were announced, that such upheavals usually indicate stresses at home—internally.

The big change, the replacement of Malenkov as Premier by Marshal Bulganin is thought to have been engineered by Nikita Khrushchev, and the first sign given by Khrushchev, that he had moved up in the power maneuvering, came on September 13, 1953. It was on that day that the Moscow press announced that Khrushchev became the top Communist party official in Russia—First Secretary of the Secretariat.

That was a post Malenkov stepped out of, to make way for Khrushchev, and it seems that from that time onward—or shortly thereafter—Khrushchev and Malenkov in his grip, and could have formed him from his post sooner, had he desired to do so.

Malenkov was a champion of the line that the free world and the Communist world can coexist. He talked more freely to westerners than did Joseph Stalin and he rated the production of consumer goods more important than did many of his associates.

Old-time party bosses, accustomed to tough policies, and Army leaders, accustomed to stress on heavy industries, often disagreed with Malenkov. Khrushchev disagreed with him more openly than any other top official. Malenkov probably was faced with the question of eliminating Khrushchev or being forced from power himself.

Either he hesitated to purge another high comrade (he had been the cause of Beria's downfall) or he did not move fast enough. He probably misjudged the timing on the developing situation, too, for Khrushchev acted with little advance notice. The main indication came when Moscow's ambassadors were recalled from most of the western capitals and when the Supreme Soviet was called to meet two months early, and a five-day meeting of the Central Committee (of the party) was called January 25th. These were the only clues.

When, however, the Supreme Soviet met, it was Khrushchev who first walked out to the presidium box, an honor which was formerly accorded to Malenkov. Most westerners think many top officials knew then that Malenkov had been replaced, but technically it was the 1,300 members of the Supreme Soviet which had to vote that change.

Malenkov read a report in which he requested to be relieved and the 1,300 delegates voted unanimously to relieve him, in true Communist fashion. That signaled an end to the Malenkov era—of stress on consumer goods, and easier policies. But it did not necessarily mean a beginning on the road to war.

The military clique, which has gained in authority in Moscow, and old-time party leaders, do not necessarily believe in war with the democracies. But they probably believe in adopting a harsher policy line. This is reflected in the record, which shows that Communist Russia has never once touched off war with a major power, even when the ruthless Stalin held the power.

The United States position on the proposed cease-fire off the China coast is now based on bargaining. Instead of agreeing to evacuate other islands not necessary for the defense of Formosa and the Pescadores, Washington wants this to come as part of a cease-fire agreement.

Red China, meanwhile, says openly she will take these islands. Whether the Seventh Fleet will interfere is again left open, another hanging question in U. S. foreign policy. We are not pledged to defend these islands, only Formosa and the Pescadores. Chiang Kai-shek, however, tells the world differently. The whole question of our involvement, then, becomes as jumbled as ever before.

The British, who believe the Reds are entitled to all islands other than Formosa and the Pescadores, want us to let the Communists have them. But they are refusing Soviet bids for a parley to settle the question unless Nationalist China is included in the conference. Washington and London are putting up a firm and united front on this question.

NATURALLY

A customer waiting for a job to be done on his car watched a mechanic change the oil in another car—not spilling a drop—check the radiator carefully, clean the windshield, wipe away the greasy finger marks, place a clean cloth over the upholstery, wash his hands thoroughly and drive the car slowly out to the street curb.

"Now there's a real mechanic," the customer observed.

"Oh," said the station manager, "that's his own car."

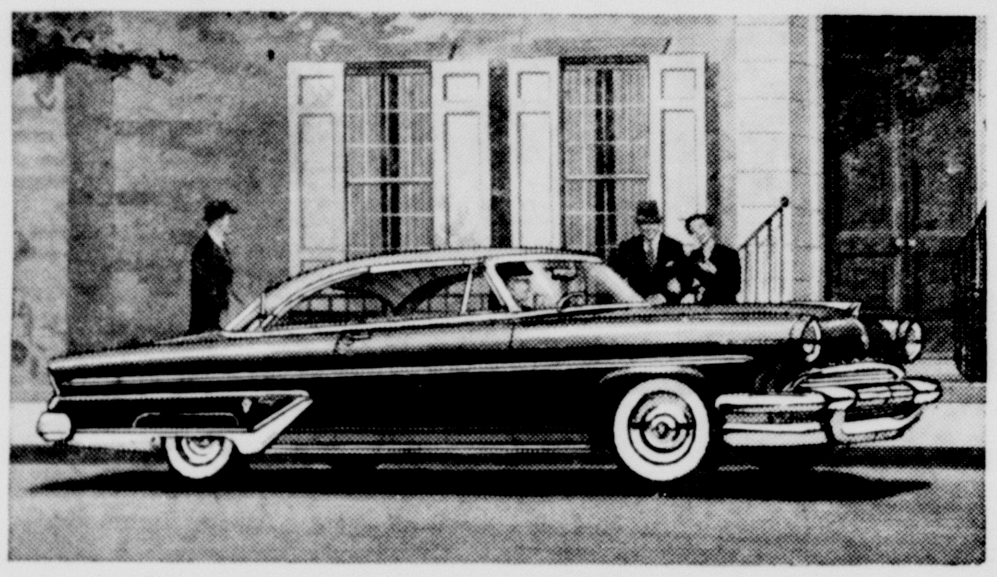
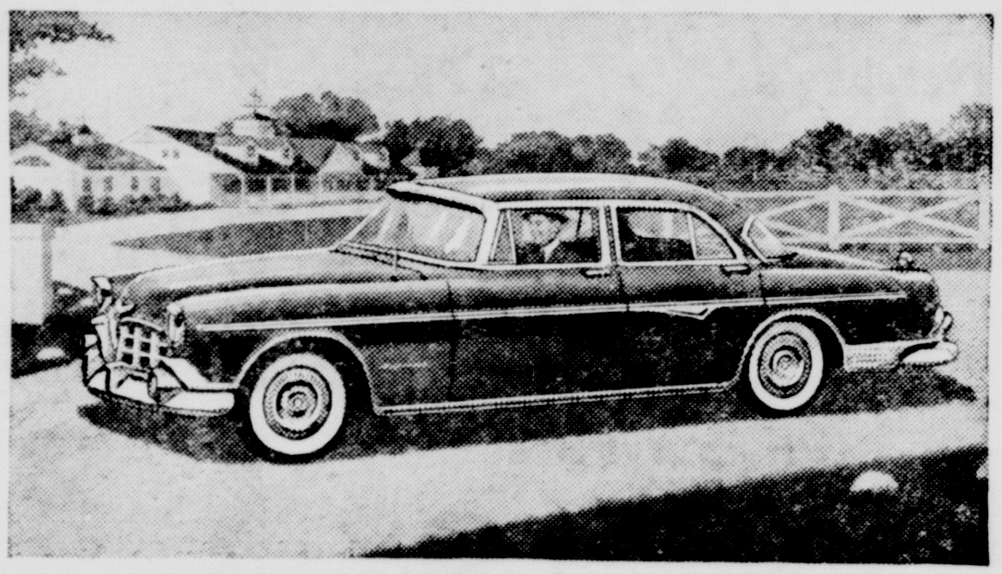
Is the car of your dreams on this page?



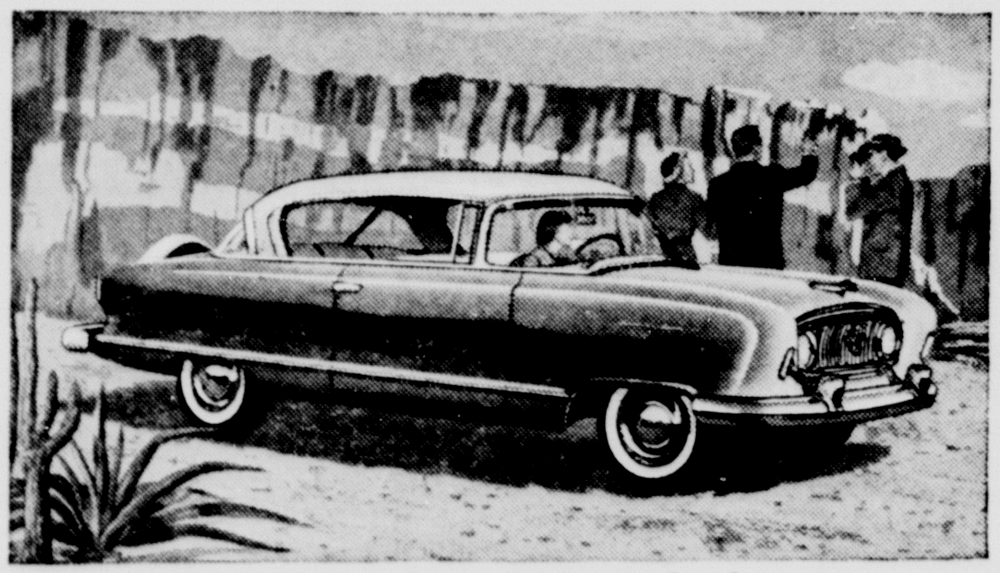
"This luxurious Lincoln Capri teams new high-torque V-8 power and Turbo-Drive for instantly responsive performance in all driving ranges."



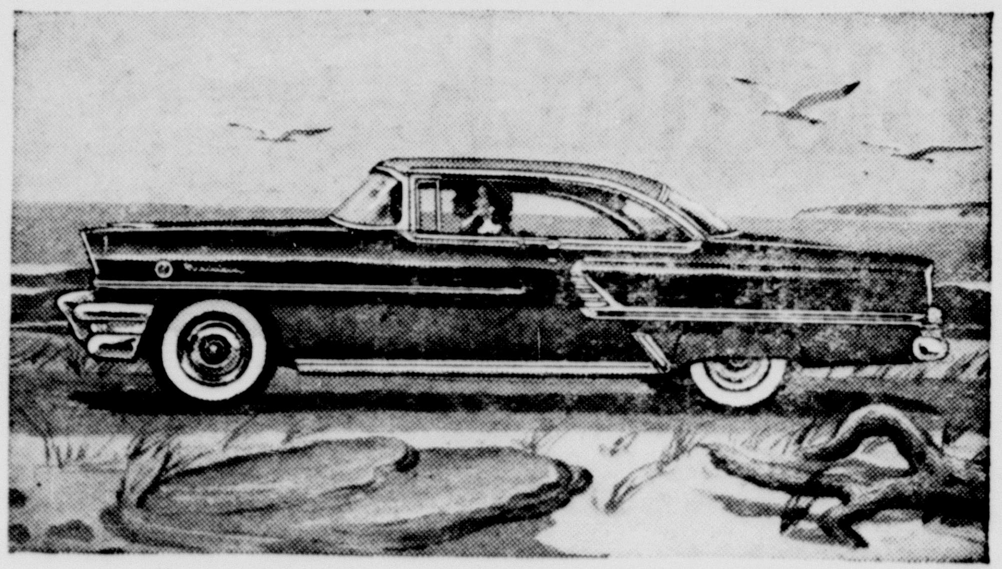
"The beautiful Imperial four-door sedan for 1955, with world's most powerful engine design: hemispherical-combustion FirePower V-8."

Read why it deserves Conoco Super Gasoline with TCP

...the fuel designed for today's hi-compression engines!



"1955 Nash Ambassador Country Club highlights Pinin Farina sports car styling and new 208-hp Jetfire V-8 engine."



"Mercury's low-silhouette, ultra-smart Montclair Series for '55 features a new 198-hp Super-Torque V-8 engine and dual exhausts."

Regardless of make or year, *your* car will benefit from Conoco Super Gasoline, the fuel that combines a controlled higher-octane rating with *all* the power benefits of TCP!

Whether you're the proud owner of one of these 1955 beauties . . . or are still getting dependable service from your present car . . . isn't it time *you* benefited from Conoco Super Gasoline with TCP?

Make no mistake about it! Here is no ordinary fuel, but an astonishing *new kind* of gasoline that sets free every ounce of power packed into today's wonderful high-compression engines . . . a gasoline that virtually tunes up *any* engine by the time you've finished your second tankful!

Feel that *powerful* difference today!

This week, start using Conoco Super Gasoline with TCP . . . after two tankfuls, you'll see why the greatest gasoline development in 31 years became the greatest success in gasoline history!

CONOCO

THE BENEFITS OF TCP PROVED BY OVER 8 MILLION USERS!

1. TCP boosts your car's power as much as 15% (because it *neutralizes* power-robbing lead deposits in your car's engine).
2. TCP gives you extra gas mileage (motorists report up to 3 miles more per gallon).
3. TCP is just like an engine tune-up (because you enjoy all your car's built-in power).
4. TCP increases spark-plug life up to 150% (because it actually *fireproofs* your spark plugs).
5. TCP is your guarantee of Top Car Performance (because it brings out all the extra performance of Conoco Super's higher-octane rating).

Conoco Super Gasoline with TCP*

"Is This Trip Necessary?"

"Is this trip necessary?"

R. B. Roaper, president, Texas Safety Association, said that this question is one every traffic violator should ask himself as he makes his way reluctantly to traffic court.

"Of course, the answer will be No," Mr. Roaper said. "A little more patience, a little more sportsmanship, a greater sense of responsibility on the part of the offender could have made the trip unnecessary."

Mr. Roaper made that observation today as he spoke on behalf of the current know and obey traffic laws program which is being sponsored by the Texas Safety Association, the Texas Department of Public Safety, and the National Safety Council.

"Why people will take the chance of being arrested or even killed just to gain some temporary advantage in traffic is beyond me," Mr. Roaper said.

He urged all drivers to avoid an unnecessary trip to traffic court by observing the following simple rules:

1. Know and obey traffic laws.
2. Drive at a speed that is safe for conditions.
3. Never drive after drinking. Don't drink if you intend to drive.
4. Never attempt to cross an intersection unless you're sure you have the right of way. Always be ready to give up your right of way to avoid an accident.
5. Don't pass on hills or curves, and never cut in sharply after passing.
6. Don't hog the road.
7. Heed the "Signs of Life."
8. Check your car, check accidents.

BROKEN RECORD

Judge: "Why do you want a divorce?"

Hillbilly: "Judge, that woman jest talk too much. She don't never stop talking, day or night. Talks all the time."

Judge: "What does she talk about?"

Hillbilly: "Jedge, she don't say."

Humphrey denies a big foreign aid rise for Asia.

MOTOR SERVICE

A motor rewound here has its full rated horsepower — the work is superlatively done by specialists and is wholly guaranteed. Regardless of type, size, make — we can service your electric motors perfectly, economically.
Wirt Electric

Take Hearing For Granted Most Cases

AUSTIN: Most of us take our hearing for granted. It probably has never occurred to us what a change it would make in our lives if we were suddenly deprived of it. We seldom think of the numerous sounds we hear during the day, sounds which keep us in close touch with the world about us. For those who can't hear, or who have difficulty hearing, it's almost like living in a different world, declared Dr. Henry A. Holle, State Health Officer.

There are many children, more than a million it's estimated, who live in this other world. They have either been born deaf or have lost much, or maybe all, of their hearing since birth. Being somewhat cut off from the world, the deaf child is frustrated because he can't communicate his feelings and needs to others. A sense of inferiority and hostility is frequently the result.

Most hearing loss in children is the result of repeated colds and infections in the ears, nose, and throat. Such infections can cause what we know as conduction deafness. If such infections are not treated early, a child's hearing may receive permanent damage. Hearing loss may follow measles, scarlet fever, influenza, or meningitis. These diseases may result in what is referred to as nerve deafness.

Enlarged adenoids, the result of infections, account for many cases of partial loss of hearing. The overgrown adenoids block up the little tubes that lead from the throat to the ears. These tubes must be open and clear for good hearing. For these children, curing infection isn't enough. Their adenoids may have to be removed. Otherwise, they may suffer permanent hearing loss.

Not all children with a hearing loss can regain it. A serious infection, such as meningitis, can completely destroy the patient's hearing ability. As soon as deafness is suspected the child should be taken to an ear specialist for a complete examination.

ABRAHAM LINCOLN SAID:

I like to see a man proud of the place in which he lives; and so live that the place will be proud of him.

I desire to so conduct the affairs of this administration that, when I come to lay down the reins of power, if I have lost every other friend on earth, I shall at least have one friend left—the one down inside of me.

I can see how it might be possible for a man to look down upon the earth and be an atheist. But I cannot conceive how a man could look up into heaven and say there is no God.

TAKING NO CHANCES

The Census Taker braved the backwoods to take a count of the backwoods families. When he asked one mountaineer how many children were in the family, the man replied: "Four, an' by gosh that's all I'm gonna have."

"Why? Well, I'll tell ya. I just read in this here government almanac that every fifth child born in this here world is a Chinaman."

LAMENT

The United Nations World recently reported this excerpt from a speech by a lady member of Britain's Parliament deploring the statistics on maternal and infant mortality in childbirth:

"Mr. Speaker, sir, we have prenatal treatment, and postnatal treatment, and still we have these appalling figures!"

Longer life called a cause of the rise in blindness.

Defense Speaker To Talk Thursday To Teacher Group

Survival in today's world demands that the civilian know what to do in a crisis. A research scientist now working in the Defense Research Laboratory unit at the University of Texas, Dr. Lewis Hatch, will speak on the vital subject of Education for Defense at the Randall County unit Texas State Teachers Association dinner meeting March 10.

The public is invited to attend the dinner scheduled at 7 p. m. at the college cafeteria. Tickets are available at all drug stores until March 9 at 5 p. m.

Upon the scientist working with problems and solutions of present day protective measures, the public must rely for the know-how of civilian defense. Dr. Lewis Hatch, research scientist at the University of Texas, is eminently qualified to bring a timely message at a period when survival is an immediate challenge to every civilian.

Dr. Hatch is a man of experience in the business world and has a broad scientific training. As a research scientist he is now working with the Defense Research Laboratory and the Combustion Kinetic Project at the University. Formerly he has been associated, in the same capacity, with the Shell Development Company. He has been director of research with the Research Corporation Project on allylic chloride from 1945 to the present time.

He is a member of various technical and scientific societies, such as American Chemical Society and American Association for the Advancement of Science, Sigma Xi, and other scientific honoraries. He has written 60 technical and research papers and has eight patents to his credit.

As a member of the faculty at the University of Texas and professor of chemistry, he has written various text books and laboratory manuals. He has been with the University since 1940 and is a member of the Graduate Faculty.

His training as a scientist began at the State College of Washington where the bachelor of science degree in chemistry was conferred in 1933. The following year he received the master of science degree in chemistry at Purdue University. In 1937 Purdue conferred the Ph.D. in organic chemistry.

The excellent program for the evening has been planned by Miss Lucy Mae Yarnell, vice-president of the organization. It includes music by the Brass Choir under the direction of William O. Latson, West Texas State College faculty member.

Tickets are available through ticket sales representatives: college, Curtis Babcock; WT Elementary, A. K. Goodman; Canyon Elementary, L. B. Lawless; and Canyon High, O. H. Schuette.

AGILE

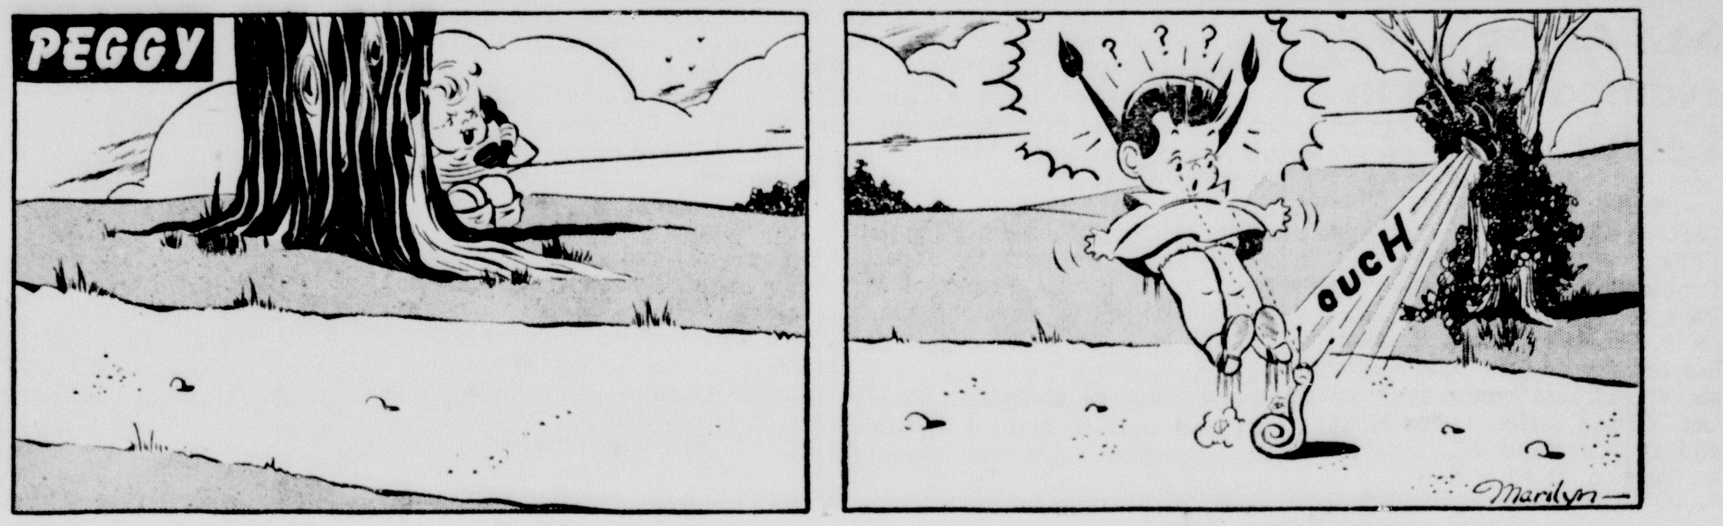
Some students acquire knowledge, others develop ingenuity and resourcefulness. Young Johnson was definitely in the latter class. One question in his examination paper read: "What steps would you take in determining the height of a building, using an aneroid barometer?"

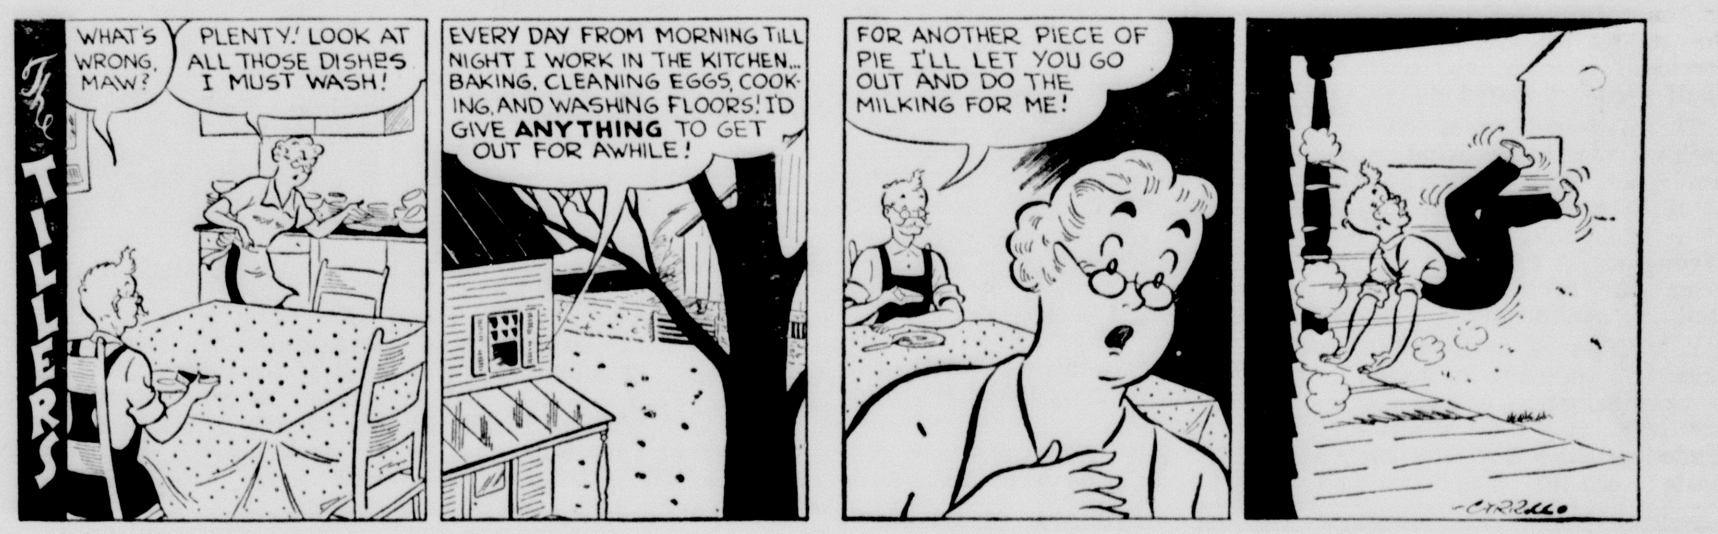
To which the young man replied, "I would lower the barometer by a string and measure the string."

MAMA'S LITTLE GIRL

Note from teacher on Mary's report card: "Good worker, intelligent, but talks too much."

Note from father, over his signature on back of report card: "Come up some time and meet her mother."





The TILLERS
WHAT'S WRONG, MAW?
PLENTY! LOOK AT ALL THOSE DISHES I MUST WASH!
EVERY DAY FROM MORNING TILL NIGHT I WORK IN THE KITCHEN... BAKING, CLEANING EGGS, COOKING, AND WASHING FLOORS! I'D GIVE ANYTHING TO GET OUT FOR AWHILE!
FOR ANOTHER PIECE OF PIE I'LL LET YOU GO OUT AND DO THE MILKING FOR ME!

BEEF BRIEFS

Texas cattle brands are becoming a familiar sight in South America.

More and more fine breeding stock from herds in the Lone Star State is being shipped to Latin American countries to upgrade native cattle. A substantial movement was noted in the fall and winter months.

Latin American cattlemen brought to Texas by the State Fair of Texas and the Houston Fat Stock Show proved good customers, made many purchases of top bloodlines.

Heaviest movement was in Brahman cattle and cattle of Brahman breeding, although much interest was shown in Santa Gertrudis, and some of the older breeds were purchased.

Look for an increase in acreage planted to sesame in Texas this year.

The ancient crop, grown last year for the first time on a commercial scale, is due to expand to new areas.

The state produced about 1,200,000 pounds in 1954, bringing growers 96 cents per pound.

Farmers all the way from the Gulf Coast to the High Plains planted the crop last year.

A good market for the seed is expected again this year.

Texans both in and out of the cattle industry are taking kindly to the Texas Beef Council's informational program, according to February reports. Surveys of both meat retailers and packers indicate estimated increases in beef sales of from 8 to 10 per cent since the Council's program started last September. The meat marketers like the program and want it to continue.

Equally favorable are the home economists and food editors. Both groups indicate high approval of the cattlemen's self-help program.

A tip of the Texas hat goes to a famous Jersey cattle family.

The Sable cow family, a product of the J. Chester Elliff farm near Tulia in Swisher County, has produced the first four-generation 1,000-pound butterfat family in the breed.

Setting the record was a two-year-old, SWV Radiant Sable which became the champion two-year-old of the breed.

When her test ended in February, she had produced in a year a total of 17,000 pounds of milk and 1,074 pounds of butterfat.

Texans like beef but they don't want it to be too heavy.

That's what a survey made by a major packing firm indicates.

The Houston, Fort Worth, Dallas and El Paso areas will buy beef of high quality.

Beef weighing between 600 and 700 pounds on carcass weights can be sold most readily in the Houston section. The Fort Worth-Dallas area likes only 10 per cent of its supply in the range above 600 pounds, the survey shows, with the very heavy beef most popular in the Eastern states.

HOT TIME BOTH WAYS

Grandma was giving the recent bride a heart to heart talk.

"Child, I hope your lot's goin' t' be easier than mine," she said. "All my wedded days I've carried two burdens—pa and the fire. Every time I've turned to look at one, the other has gone out."

Buy, Build, Live in Canyon!

Just like flying—
with NEW Shamrock
CLOUD MASTER
MADE WITH AVIATION COMPONENTS
For driving that feels like flying, try Shamrock's new Cloud Master gasoline. And that comparison is more than accidental because the octane rating of new Cloud Master is way up and the octane is raised with the same aviation alkylate that was heretofore used only in the highest grade aviation fuels. This means an octane rating that exceeds the requirements of your car (no matter what car you drive). And it means that you get and keep getting power you paid for because new Cloud Master burns with fewer deposits. For new speed, new power, for all around top performance from your car, try Shamrock's new Cloud Master gasoline for 1955.
New Cloud Master gasoline, like all Shamrock products . . .
QUALITY You Can Measure By Your Car's Performance

San Antonio Man Named Willson Lecturer For '55

Speaker for the annual Willson Lecture Series at West Texas State College will be Dr. Kenneth W. Copeland, pastor of the Travis Park Methodist Church of San Antonio, President James P. Cornette has announced. Religious Emphasis Week, held concurrently with the Willson Series, opens Monday, and Dr. Copeland will speak first on Tuesday at 10 a. m.

Observance of the week will continue through Friday, with addresses by Dr. Copeland, vesper services, seminars, and dormitory "bull sessions" slated daily.

The Willson lecturer will speak each morning at 10 except on Wednesday and Friday, when he speaks at 10:10 a. m. He will also talk at a community worship service Wednesday at 7:45 p. m. All programs are in the Administration Building auditorium.

A number of ministers of the area will participate during the week, conducting vesper services, seminars, and bull sessions. Included are the Rev. Jim Pickens, pastor of the Vega Methodist Church; R. L. Beeson, minister of the Central Church of Christ of Canyon; the Rev. Dick Crews, pastor of the First Christian Church of Pampa; the Rev. E. W. Cole, pastor of the First Presbyterian Church of Childress; the Rev. Frank Bounds, Baptist missionary to Italy; Chaplain John F. Quinn, Amarillo Air Force Base; and the Rev. A. J. Pettit, pastor of the Canyon Assembly of God Church.

A graduate of Westminster College (Tehuacana, Tex.), East Texas State, Southern Methodist University and Garrett Biblical Institute, Dr. Copeland holds the honorary Doctor of Divinity degree from Southwestern University.

Prior to becoming pastor of the Travis Park Church, one of the ten largest Methodist churches in the nation, Dr. Copeland was pastor for four years of the First Methodist Church in Stillwater, Okla. He was a member of the Jurisdictional Conferences of 1940 and 1948 and General and Jurisdictional Conferences of 1952. He is now chairman of the Commission on World Service and Finance of the Southwest Texas Conference of the Methodist Church and a member of the General Board of Evangelism.

Last year, Dr. Copeland delivered the Willson Lectures at Texas Wesleyan College, and will also be the Willson Lecturer at McMurry College this year. During the past few years he has participated in Religious Emphasis Week programs at the University of Texas, Southwestern University, and Southern Methodist University.

Dr. Copeland has delivered commencement addresses for Oklahoma A&M, Texas A&M, and the Perkins School of Theology at S. M. U., and on two successive years, for the combined baccalaureate service of the eight San Antonio high schools. He has been Annual Conference preacher for the Central Texas Conference, Northwest Texas Conference, North Arkansas Conference, and the Kansas Conference.

Johnson to Retire

(Continued from first page)

office and will head the estate and trust division.

The insurance company is now in its second year of organization, and Dr. Johnson was elected secretary in December. He is associated with John McCarty, president; Hugo Loewenstern, vice-president; Frank Storm, Seldon Simpson, and Wilford Taylor, Sr.

A native of Coryell County, Dr. Johnson began teaching in rural schools in Terry, Lynn, and Dawson counties in 1913. When the College Bookstore at WT was organized in 1923, he became manager, retaining the post for 16 years.

Dr. Johnson earned his B.A. degree in 1928 from West Texas State. He received his M.B.A. degree in 1931 from the University of Texas, and his Ph.D. from the University of Missouri in 1941.

For 18 years, until 1951, Dr. Johnson was secretary of the Ex-Students Association of West Texas State. He is a past president of the Canyon Rotary Club and the Panhandle Personnel Association. He is a Past Worthy Patron of the Order of the Eastern Star, and is a member of the Board of Deacons of the Canyon First Baptist Church.

Fairview Breezes

A supply preacher from Wayland College preached for us Sunday. Rev. Earl Landtroop is helping in a revival at Lake Arthur, La.

Next Sunday a former pastor, Rev. Clint Malone, will supply for Rev. Landtroop.

Richard Evans underwent surgery in an Amarillo hospital one week ago Sunday.

Mr. and Mrs. G. W. Wesley and granddaughter, Nan Earyle Shipman, Lavena Amerson, Mr. and Mrs. J. W. Wesley visited in the hospital Sunday with Richard Evans. He expected to be released Monday as he was recovering so well.

E. E. Wesley, Jack Intcher, Pinky Pinkerton worked on the irrigation well for G. W. Wesley Friday.

Mrs. Wise and her mother visited a short time Friday in the J. W. Wesley home.

Mr. and Mrs. Woodrow Wesley and boys attended the Fat Stock Show and rodeo Saturday evening in Amarillo.

Luncheon guests in the H. H. Shipman home Sunday were Rev. and Mrs. Grays, Mr. and Mrs. J. W. Wesley, Mr. and Mrs. G. E. Wesley and Lavena Amerson.

Mrs. Georgia Rogers has been suffering with a severe case of shingles.

The John Patterson family spent last Sunday visiting her parents at Groom.

Mr. and Mrs. W. M. Wilson and Darrell are ill with colds.

The "42" tournament closed Saturday evening with Mrs. Pearl Miller and Gordon Foster winning grand high score for the four weeks and Tom Rogers and Mrs. Grace Schaeffer grand low. Gordon Foster played as a woman and he and Tom Rogers won high and low for Saturday night.

Thomas Camel won low for men. Priest Rogers won high for men. We thank everyone for his splendid cooperation in helping to make this tournament a success.

Mrs. Madge Sutton, and Mrs. J. W. Wesley were hostesses Saturday evening.

Miss Lavena Amerson is leaving Saturday for Kansas City to visit with her sister, Mrs. Ervin Morgan.

The Fairview Home Demonstration Club will meet Friday afternoon at 2:30 p. m. with Mrs. Serena Bryan.

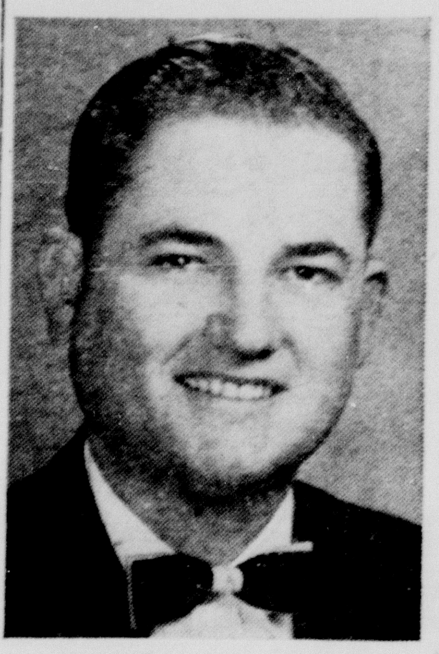
Local Herds in Monthly Bulletin

Two local dairy herds are represented in the high brackets of milk production in the organization's monthly figures recently released. Neil Downing and Haleswood Farms are represented in high cows in milk production. The herds of the same two dairymen are also represented in the class of cows high in the production of butterfat.

In addition to Neil Downing and Haleswood Farms in the 70-pound class, the herd of Richmond Hales is also represented. These three dairy farmers and Louis Hinders, and the herd of West Texas State College are represented in various other classes of the monthly bulletin released by the Randall County Dairy Herd Improvement Association.

Mr. and Mrs. J. V. Flanigan of Kansas City, Mo., spent the weekend in the H. D. Curtis home.

Former Student In Church Work



W. F. MULLICAN

According to word from Hereford, Frank Mullican, former student of West Texas State, has been selected as educational director of the Church of Christ in that city. He took his B.S. degree in May, with a major of education and religion. Bob Wear is minister under whom he will serve.

During his student days in Canyon he was active in the work of the Church of Christ, and served the Bible Chair of this organization. He was editor of the West Texas Christian, published by students of that Church.

Tests in Public Schools of Plains

A battery of tests is being administered for seniors in 11 area high schools through the department of public services at West Texas State College. A number of other schools have requested the tests, according to Dr. Jack Walker, chairman of public services.

The tests include divisions on intelligence, personality, interest and reading, Dr. Walker said. They help high school students determine whether to attend college and indicate the areas in which students should study.

"When we have completed giving the tests this spring, we shall have served approximately 1000 students," Dr. Walker said.

The tests are mailed to the schools and are returned to WT, where faculty members grade and evaluate them. Faculty grading the tests then will visit the schools and interpret the results to students in individual conferences. Instructional periods will be held for faculty who plan to grade and interpret the tests.

Schools where the tests will first be given will be Childress, Borger, Perryton, Dalhart, McLean, Hereford, Friona, Dumas, Wheeler, Samnorwood, and Tulia.

Will Dedicate School Building

A program dedicating Groom's new school plant will be observed Thursday with a barbecue and an address by Dr. James P. Cornette, West Texas State College president, as highlights, according to Weldon G. Reno, superintendent of schools.

Although the school's classrooms and auditorium building was completed in 1952, no dedication was planned until a gymnasium was ready for use. The new gym was first used in January.

The observance will begin with a barbecue in the school's cafeteria at 5 p. m. The program in the auditorium will start at 7:30 p. m. and will open with selections by the Groom High School band and choir. Invocation will be given by Father L. Connaughton and the benediction by the Rev. T. Marvin McBrayer, pastor of the Groom Methodist Church.

Melvin Asberry, president of the school board, and Jimmy Eschle, president of the student body, will speak briefly, preceding Dr. Cornette's address. Mr. Reno will preside.

Sunday guests in the home of Mr. and Mrs. Silas Hart were Mr. and Mrs. Sam Thomas, Jr., and three of their four sons of Mobeetie.

No Classes at WT Over the Weekend

West Texas State students will observe a two-day holiday Friday and Saturday when the annual Northwest Texas Conference for Education of District IX, Texas State Teachers Association is held in Amarillo. A number of WT professors will participate in the two-day program.

Dr. Emmitt Smith, professor of education, is president of the district this year, and will preside at the House of Delegates banquet Thursday night and at the first general session Friday morning.

President of the Randall County Unit, Dr. Crannell Tolliver, head of the speech department, will be a member of a round-table panel at a speech section meeting.

Dr. Ruth Lowes, professor of education, who is NEA membership chairman for the district, will be discussion leader at an arithmetic section meeting.

Other WT staff members participating are Miss Helen White Moore, chairman of the resolutions committee; Miss Lucy Mae Yarnell, member of the nominating committee; Dr. Roy Boger, member of the necrology committee; Dr. A. G. Kieselbach, chairman of the district art section; Tom W. Langston, chairman of the educational secretaries section; and Miss Albessa Stephenson, vice-chairman of the library section.

The WT A Cappella Choir, directed by Dr. Houston Bright, will sing at the first general session Friday morning. The choir will present seven selections. The WT Brass Ensemble, with William O. Latson directing, will play at the music section meeting.

Senior To Play Piano Program

Mrs. Sammie Mills, Pampa senior, will be presented in a piano recital Monday at 4:30 p. m. by the West Texas State College department of music. The public is invited.

The recital will be in Room 101, Administration Building. Mrs. Mills will be assisted by Miss Joanne Hill, soprano from Wayside, who will sing a group of French songs.

A student of Miss Matilda Gaume, Mrs. Mills is majoring in English at WT. She was named to represent WT in "Who's Who Among Students in American Colleges and Universities" this year. She is the daughter of R. E. Frierson of Pampa.

Mrs. Mills will play Bach's "Mortify Us By Thy Grace;" the allegro movement of Beethoven's "Sonata Op. 31, No. 3;" Debussy's "Delphic Dancers;" and Lecuona's "Gitanerias." She will conclude her program with three selections from Prokofieff's "Music for Children." These are "March," "Waltz," and "Parade of the Grasshoppers."

Mrs. W. D. Eikner and son, Jimmy, of Phoenix, Ariz., are visiting her parents, Mr. and Mrs. Worth Jennings. Mrs. Eikner will remain for several days with her mother who underwent major surgery Tuesday morning.

Mr. and Mrs. Curtis Samples and daughter, Pamela, of Alice spent Saturday night with his parents, Mr. and Mrs. C. W. Samples. They were enroute to La Junta, Colo., to visit with her parents, Mr. and Mrs. C. E. Head. Mrs. Head has just undergone surgery and Mrs. Samples expects to attend her mother for a few days while she is recuperating.

Miss Dorothy Durrendurger, educational director of Westminster Presbyterian Church of Lubbock, and Davis Hester of Lubbock spent Saturday in Canyon visiting the Palo Duro Park and in the home of Mr. and Mrs. Silas Hart.

Mr. and Mrs. Stacy Howell and Mrs. Ruth Hill visited Mr. and Mrs. John Poindexter and son, Gary Don, in Hereford Sunday afternoon.

Richard G. Casey, Australian Foreign Minister: "It takes two sides to keep the peace."

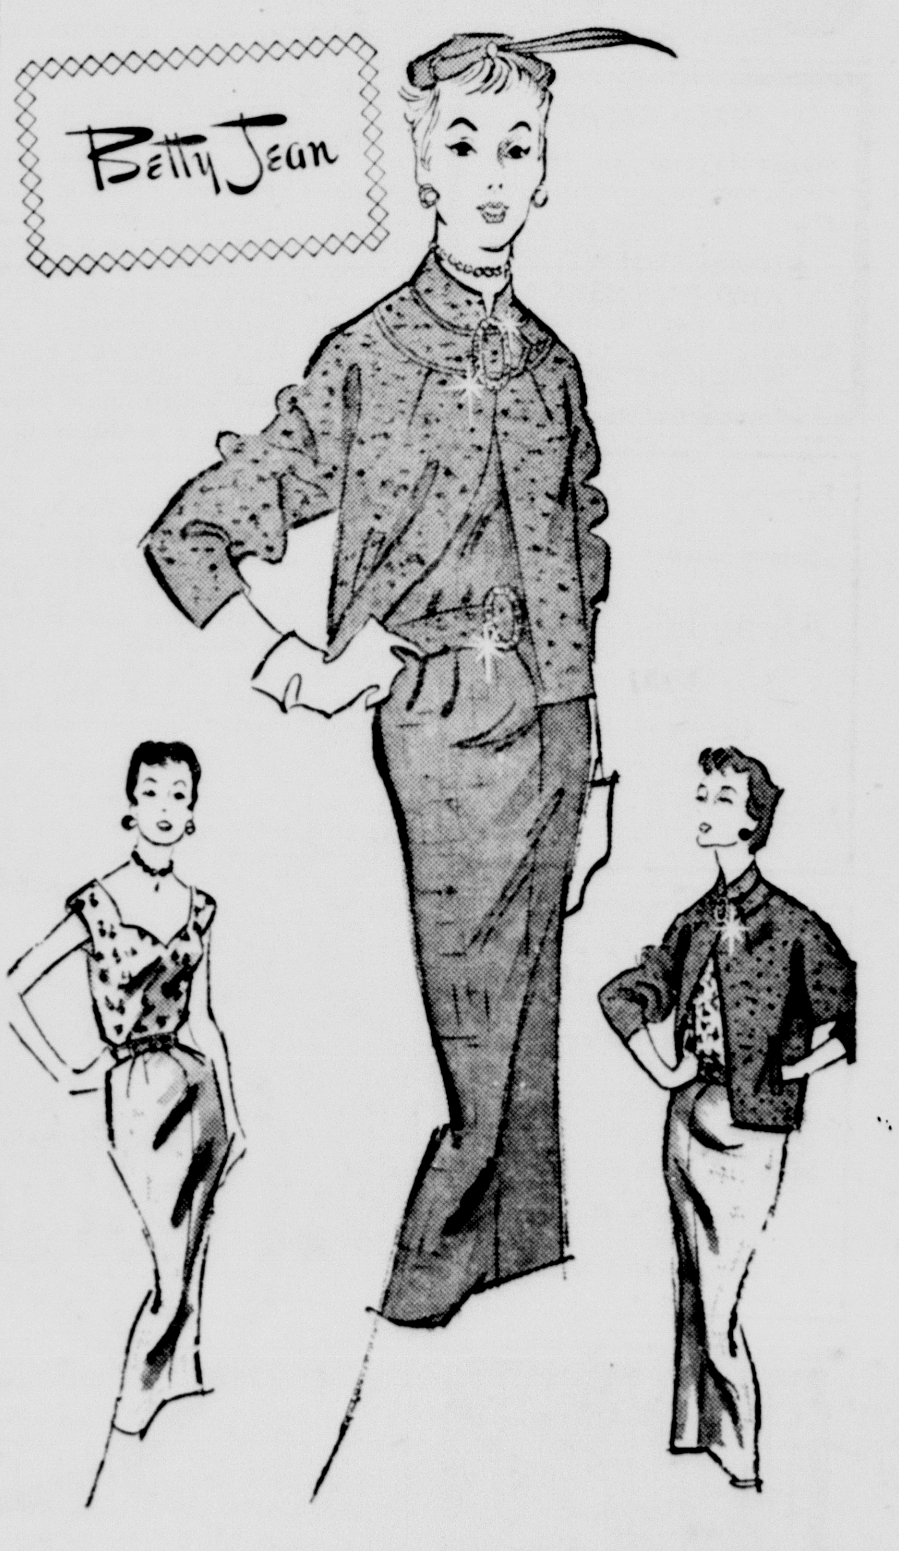
Mr. & Mrs. Jennings Return to Canada

Mr. and Mrs. Alvin Jennings have returned to Saskatoon, Saskatchewan, Canada, after having spent about a month in the States.

Alvin is sponsored by the Central Church of Christ in Canyon. During his visit he has made various reports regarding the work which has been done in Western Canada during the past 3½ years, and has pointed out the many possibilities in that area.

Both Ellen and Alvin express appreciation for the many courtesies and expressions of friendship shown them while in Canyon.

T/Sgt. Leo M. Larson spent a week with his mother, Mrs. H. D. Curtis, and his brother, E. J. Larson, while enroute from the National Airport in Washington, D. C., to Honolulu, where he will be a member of the MATS.



The matched costume look was never better than in this four piece wardrobe-booster. Betty Jean chooses BALI LIN for the collarless, boxy jacket caught at the yoke. Print camisole blouse belts into the contrasting linen skirt with a wide belt to match the jacket.

29th Year | Published by The Canyon News for Canyon High School | Wednesday, March 9, 1955

Careful

Stop — don't throw down that piece of paper. Wherever you are, it is only a few steps to a waste basket. Students are again becoming careless with their trash.

Spring is just around the corner, but instead of grass, we have an abundance of paper on our school lawn. People who feel the urge to go outside have their spirits dampened somewhat by the eye-sore lawns in front of the school.

In the classroom the situation is just as bad. Paper is left on the floor, in the desk, on the desks; in fact, paper is left everywhere except in the waste basket. All this makes more work for our janitors. The blame for this condition rests on the student body and not the janitors.

It has been said that Americans are a messy race. Trash abounds in public parks and along the public roads. This condition will not be changed until the habits of the American people are changed. Start now! Take care of our school as if it were your own home.

Stick To It

It is truth and fact!

Yes, it is a fact that classes entering high school as freshmen decrease alarmingly by the time the senior year arrives. Ten decisions were made this year in Canyon High School to quit!

Student, if you are considering dropping your high school career, stop, think, and investigate . . . seriously.

Investigate with all honesty your reasons for quitting. Is it because school is just a little too hard, too much work? Remember that school work prepares the individual for reasoning and understanding the bigger problems in later life both in the job and in the home.

Then there is that available job that pays a good beginning salary. What will you be making when you are 35 and qualifications are higher?

A repeated motive is, 'I want to join the military services." The booklets put out by the Army, Navy, and other forces all urge and advise staying in school. The military forces are efficient organizations and they want capable young men and women.

Granted there are cases of demanding family need or illness which make attendance in school impossible. It is unfortunate when this occurs, but make sure it is absolutely impossible to attend before dropping out.

If you decide to quit school now you will be undermining your own opportunity for an equal place in this world. Such action is failing in the role of citizenship, for democracy is based on education.

Talk it over with your parents and teachers before you act. Stay in school.

Menus

Tuesday, March 8: Hot dogs, chili sauce, potato chips, carrot sticks, grapefruit sections, and milk.

Wednesday, March 9: Chicken pie, English peas, carrots, celery, bread, butter, fruit jello, and milk.

Thursday, March 10: Spanish rice, green beans, hot rolls, jelly, jam, and milk.

Friday, March 11: Holiday.

Monday, March 14: Meat loaf, creamed potatoes, blackeyed peas, tossed salad, bread, butter, plain cake, pineapple sauce, and milk.

Nosing Around

While prowling around the stairs at the north end of the building a member of the journalism staff stumbled across a small, gold, medal in the shape of a boxing glove with the number, 55, embossed on the surface of the emblem. Possible owners should inquire at the journalism depart-

Parker Claims Grand Champion

Foster Parker, CHS senior, is shown exhibiting the calf for which he was awarded his first grand championship at the Randall County Jr. Livestock Show February 27. Bellah's market bid $551.88 for the calf.

Touring Chanters Visit in Assembly

The McMurry Chanters of Abilene, under the direction of Richard C. Evon Ende, presented an assembly program of choral singing March 3 in a CHS assembly.

Highlighting the program was the Chanters impressive presentation of "The Creation," a negro spiritual. Seated on the stage informally the group formed the background music as Jim Bell, a ministerial student from Plainview, portrayed the negro preacher with the narrative.

A bit of fun was enjoyed by the Chanters and audience as the Russian "Dark Eyes" was sung by the choir and danced by one of the choir members adorned in a Bolshevik cap. A lively version of Polly Wolly Doodle with stunts by three McMurry Chanters also brought sporadic laughter.

Dedicating "The Night is Young and You Are So Beautiful" to an unsuspecting student was a girl's ensemble.

Other selections were "Adoramus te Christi," "Lullay My Liking," with a solo by Dick Clifford, 'Le Est Bel Est Bon," "To Thee I'm Turning," "Heigh Ho, Sing Gayly," and "Rock A My Soul."

Accompanist was Mr. Francis J. Hinkel.

Student of the Week

James Flynn and Tom Wilbanks were recently selected to Junior Who's Who. These boys were chosen by the CHS faculty. The choices of the faculty were based on citizenship, scholarship, loyalty to school, achievement, coopera- and dependability.

James "Jim" Flynn is a member of the National Honor Society, the band, and holds the position of co-publicity chairman of CCYC. As sports, editor of The Eagle's Tale staff, he may be seen attending sports activities or deep in thought, debating over leads to be used in a story. Besides taking five solids in CHS, Jim finds time to be active in the Methodist Church and choir, along with various committees at school. At present Jim is a farmer, raising caine. After graduating from CHS and McMurry College, he plans to sell prefabricated igloos to the Eskimos.

Tom Wilbanks, solo trombonist of the band, takes an active part in the National Honor Society, Science Club, and basketball. Previously he has been a Junior Red Cross and SFC representative. Tom is the junior class vice-president. An active member of his class, Tom took part in the junior play, "Clementine," portraying Abe, the handyman. Sports and science are Tom's hobbies. In his spare moments, Tom reads the latest science and sports magazines, books, and news.

ABBREVIATION

She—I want a shorter skirt than the one you showed me.

Clerk—Have you tried the collar department?

THINKING MAKES IT SO

A faith healer ran into his old friend, Max, and asked him how things were going.

"Not so good, was the pained reply. "My brother is very sick."

"Your brother isn't sick," contradicted the faith healer. "He only thinks he's sick. Remember that, he only thinks he's sick."

Two months later and they met again and the faith healer asked: "How's your brother now?"

"Worse," groaned Max. "He thinks he's dead."

Nancy Adcock Is CHS High Scorer

Nancy Adcock is the Betty Crocker Homemaker of Tomorrow of our school. She received the highest score in a written examination which tested the homemaking knowledge and attitudes of the senior girls in the graduating class. She will be entered in competition to name this state's candidate for the title of all-American Homemaker of Tomorrow.

By this achievement Nancy has earned the right to wear the Betty Crocker of Tomorrow pin, a personal copy of Betty Crocker's Picture Cook Book, and a copy for the school's library.

General Mills is the sponsor of this program designed to assist schools in building in young women a deeper appreciation and understanding of the American home and the personal qualities necessary to successful homemaking.

A scholarship of $1500 will be awarded each state winner, and she will receive a trip with her school advisor to Washington, D.C., colonial Williamsburg, Virginia, and Philadelphia. Her school will receive a set of Encyclopedia Britannica.

The national winner in this search conducted among 187,000 young women in 8,000 of the nation's public, private, and parochial high schools will be named April 21 at an American table fete in Philadelphia.

Texas Education System Honored

The passing of 101 years since members of the Masonic Order of Texas grew concerned about the lack of public education in Texas is being celebrated in Texas schools the week of March 7-11 in honor of the beginning of the movement towards public schools in the Lone Star State.

Canyon's educational system is celebrating the state-wide event with: An invitation to parents and interested citizens to visit the classrooms, an assembly for the student body Thursday, March 10, sponsored by the FTA chapter, and classroom discussions led by the high school instructors. Students are urged to participate by writing themes and bringing clippings from publications which feature the school program.

When questioned about the purpose of the week, Mr. James E. Miller, principal, replied that the week was instituted to emphasize the influence of the schools upon the community life and the responsibilities of citizens to support and preserve the system. Mr. Miller also pointed out the preservation of democratic ideals and the advancement of informed citizens upheld by public schools.

THEY ARE

"It looks like rain."

"Not here in California."

"Look at those clouds up there."

"They don't mean a thing. They're just empties coming back from Florida."

National Honor Society Members Discuss Standards of Organization

In 1921, the Department of Secondary School Principals established the National Honor Society, determining character, leadership, service, and scholarship as the qualities most useful to society; therefore, the qualities which would be enforced for enrollment in the NHS. These facts of NHS history were presented by J. E. Miller, high school principal, at a meeting of the senior NHS members held Monday, February 28. Mrs. Cecil Simms, chairman of the executive council, conducted this meeting.

Five specific advantages of NHS were also confirmed in Mr. Miller's talk. The NHS defines and sets standards for ideal high school students. Rank rather than marks determines eligibility in the NHS. The activities of the NHS are flexible; local circumstances alter conditions. Its national scope gives it significance and prestige. It is an educational agency because of the opportunities in its constructive program.

Each year $10,000 is given in scholarships to members of the organization in the United States. On March 22, a NHS examination will be given to the six top ranking senior members of CHS, in order to give them an opportunity to qualify for one of the scholarships.

Following the joint meeting, Mr. Miller met separately with the boys and Mrs. Simms, Mrs. Nora Gilmore, and Mrs. Clara B. Long talked constructively to the girls. At these meetings, ideas were presented for the self-improvement of members, as well as for the wholesome development of a stronger organization.

Old members who were reapproved by the faculty for the 1954-55 term are Jamie Airhart, Nancy Adcock, Betty Burrus, Barry Clark, June Davis, Bettie Glanton, Mary Sue Hicks, Lucy Hollabaugh, Larry Hungate, Ellen Johnson, Dovie Keene, Ken Kuykendall, Agnes Measamer, Alby Kuehler, Jimmy Kuhlman, Jack McCormick, Helene Meyer, David Miller, Ann Moore, Foster Parker, C. G. Pond, Norris Samuelson, Alice Simms, and Peggy Sheets.

Soaking in Southern Sunshine

Do you enjoy sunshine? Mr. Schuette's fourth period bookkeeping class apparently does because, Friday of last week, the class retreated from the building to the open air on the front steps for the regular lesson in general business.

Seniors Honored At WMS Party

The senior class of CHS was honored with a party given by the Baptist Women's Missionary Society in the Baptist Student Center March 7.

Guest speaker for this occasion was Rev. A. B. Lightfoot from Midland. The theme, "The Hand is Quicker Than the Eye," was carried out by performing magic tricks to demonstrate the meaning of some spiritual significance.

Mr. James Johnson directed the opening exercises and the recreation program. The group was served a chili supper.

Boys Win Honors On FFA Exhibits

Seventeen of the 21 swine exhibits entered in the Amarillo Fat Stock Show this past week by the Canyon FFA boys rated honors in separate divisions, and merited cash awards. In addition to the swine entries, five local boys also showed club calves in this competition.

Tommy Davis and Walter Cranmer were the only Canyon FFA boys who boasted first place winnings. Tommy received first place on his lightweight Duroc pig, and Walter earned double honors in the Spotted Poland China division. Walter received a first place rating on both his lightweight and heavyweight projects in that class.

Other winners and their ratings and divisions are: Duroc lightweights: Roland O'Donald, second and seventh; and Joe Carver, third. Duroc heavyweights: Richard Irvine, sixth. Duroc pen of three: Joe Carver, second; and Tommy Davis, third.

Spotted Poland China lightweights: Jimmy Hales, sixth and ninth. Spotted Poland China pen of three: Jimmy Hales, fourth; and Walter Cranmer, fifth. Poland China lightweight: Weldon Tucek, third.

Heavy steers—over 850 pounds: Foster Parker, 29th. Light steers—under 850 pounds: Glenn Tucek, 20th.

Randall County FFA boys and 4-H boys also received a third place recognition for the best group of ten steers.

Other boys exhibiting club calves at the Fat Stock Show include Buddy Lowery, Weldon Tucek, and Jack Campbell.

In addition to the participants, the entire Canyon FFA chapter, accompanied by Mr. T. L. Devin and Mr. Waylon Carroll, visited the stock show on Tuesday, March 1. This is an annual educational field trip. Each boy was previously assigned questions which could be answered by careful observance of the Amarillo Fat Stock Show activities.

Masters Speaks On High Fidelity

What is high fidelity? The CHS Science Club members experienced the difference in a high fidelity system and a phonograph in a meeting Thursday, March 3, at the home of Dr. and Mrs. R. A. Neblett. Dr. Bert Masters, guest speaker on the program, gave examples of the two recording systems.

A high fidelity system is designed to reproduce music as it originally was, as the orchestra first recorded it. The lowest note that can be heard in 16 cycles per second. The highest note that can be detected is eight thousand cycles per second. High fidelity has many outstanding traits, among which are clarity and highly pleasing tone quality.

In the business meeting, Bobby Phillips, president if the Science Club, appointed an investigating committee to buy flowers to beautify the CHS landscape. Those on the committee are Judy Newman, Charles Neblett, Tom Wilbanks, and Maxine Greene. All Science Club dues, 75 cents, must be paid by the next meeting, April 14.

Refreshments of cookies and lime freeze were served to approximately 20 members. Sponsors are Mr. and Mrs. Joe Findley and Dr. and Mrs. R. A. Neblett.

BIG TURNOVER

"The average woman has a vocabulary of only 1,800 words." It is very small, but think of the turnover.

ONE WAY

"Hey, you, pull over," shouted the traffic cop.

The lady driver compiled, and the next day the judge fined her $25. She went home in great anxiety lest her husband, who always examined her check book should learn of the incident. Then inspiration struck, and she marked the check stub, "One pull-over, $25."

PILOT STEP-UP

Under a stepped-up schedule, fledging Air Force pilots, now being turned out at the rate of 7,000 a year, will be flying jet planes after just 40 hours in conventional craft.

U. S. SCHOOLS

President Eisenhower has proposed to Congress that the Federal Government put up $1,120,000,000 in loans and grants over the next three years to start a $7,000,000,000 school-construction program by state and local governments. He urged that the bulk of the construction be undertaken by special school-building agencies to circumvent restrictive local debt limits.

Trampoline Stars Create Excitement

Last Wednesday the students of CHS thrilled to spectacular trampoline artistry by Betty and Ed Steinmetz.

The Steinmetzes worked as a team in demonstrating the fundamental bounces. Six boys volunteered to learn the simple beginning stunts, and with the aid of Mrs. Steinmetz demonstrated the simplicity of the knee drop, seat drop, back drop, the hands and knees drop, front drop, and a repeated bounce from the shoulders to the feet.

Betty and Ed, performing the full twist, cat drop, cork screw, turntable, and backward summersault, presented an interesting program. They demonstrated diving practices with the jack-knife, back jack-knife, swan dive, and the gainer dives.

Near the end of the program a question-and-answer period was held, enabling the audience to ask questions that particularly interest them.

The trampoline is approximately 200 years old. Trapeze artists found that by jumping on their safety nets they could be thrown into the air. The nets were so bundlesome that the size was reduced and eventually it became known as the trampoline.

Prices of trampolines range from $200 to $800.

Burgess Elected 'Fighting Award'

A new trophy has been placed in our hall by the Canyon Quarterback Club to honor the football player considered the most outstanding by the team. R. A. Burgess was selected by this year's team.

The award is to be called the "Fighting Heart Plaque Award," and will be an annual award starting this year. The award will be announced every year at the Athletic Banquet.

R. A. was the Amarillo Daily News Player of the Week in class AA and earned honorable mention several times. He lettered in football, basketball, and track several years. He is a member of FFA and the Student-Faculty Congress.

Did You Know That

Students are constantly talking about dating and the problems involved. Some questions are asked more frequently, therefore they cause more concern. The Eagle's Tale compiled these and took a student poll last week. From the entire student body there were 28 boys and 28 girls contacted.

So that you may know what other students think, and that you may give some ground for making your decisions, we are printing the results of the dating poll.

The questions on the girl's poll were as follows.

1. Must your date have a car?
2. Must your date be a "big wheel?"
3. Is it proper for your date to kiss you goodnight on your first date?
4. Must your date be good-looking?
5. Must your date know how to dance?
6. Will you go "steady" with a boy?
7. Do you have to park on a date?

Following are the questions on the boy's poll.

1. Must you have a car to have a date?
2. Must your date be a "big wheel?"
3. Is it proper for you to kiss your date good-night on your first date?
4. Must your date be good-looking?
5. Must your date know how to dance?
6. Will you go steady with a girl?
7. Do you have to park on a date?

The results of the poll are:

	Girls		Boys	
	yes	no	yes	no
1.	11	17	18	10
2.	2	26	1	27
3.	6	22	13	15
4.	8	20	19	9
5.	9	19	6	22
6.	21	7	19	9
7.	0	28	8	20

TAKE YOUR CHOICE

A journalism student was complaining to one of his professors one day that "barbers make more money than authors do."

Said the student sadly, "I don't know whether to take a job in Greco's barber shop when I graduate, or to write novels."

"Toss a coin, my boy," counseled his teacher, "heads or tales!"

The V. A. has 55,000 mental cases 16,000 on its waiting list.

Admiral Linen Supply Serves Panhandle Area

If you have ever wondered how the clerk at the corner grocery, the pharmacist at the drug store, or your favorite clerk or waitress kept their uniforms so spotless and clean, chances are that you would find that they utilized the facilities of Admiral Linen Supply at 708 Lincoln St. in Amarillo.

Under the management of Cecil Holland and Fred Turner, this firm has forged ahead in its chosen field and is today admirably serving business, profession and industry throughout the Panhandle area. The service trucks start out each morning with a fresh supply of sparkling clean uniforms and linens, delivering the fresh and picking up the soiled from their customers who insist that their clerks and other uniformed help always present a crisp, clean appearance.

These linens are supplied at a cost not much greater than the laundering and, according to the management, permits a firm to have an unlimited supply with no initial investment.

In addition to keeping the linens sparkling clean, Admiral Linen Supply also keeps them in constantly new condition and no store operator need feel like apologizing for the appearance of his help.

The daily supply of towels to industrial plants and offices in the area is another activity of Admiral Linen Supply and results in much business for the firm.

We are glad to recommend the facilities of this firm to our readers knowing full well that it is of utmost importance in our accelerated business activity today and to extend to Mr. Holland and Mr. Turner our congratulations for their leadership.

Wayside News

Rev. Merle Weathers filled his regular appointment Sunday.

The Leslie Caffee family has moved to Adrian where they have been employed on the O. E. Parker farm. Mr. and Mrs. Alvin Scroggins and five girls have moved into the house just vacated by the Caffees.

Mrs. E. J. Mahler has late word from her son, Bryce Payne, and family who are stationed at an air base in England, saying they are enjoying their stay there. It is damp and foggy a good part of the time, so Bryce can't get in as many flying hours as he would like. The grass is green and flowers blooming. The weather does get freezing cold but with so much moisture the vegetation is not damaged.

Jimmie and Leslie Adams have changed the time of their program from 4:30 p. m. to 8:30 a. m. Saturday over KTUE, Tulia. Taylor-Evans is their sponsor. They appreciate all cards and letters.

Mrs. Fannie Stevens has word that she is a great-grandmother. Her granddaughter and her husband, Mr. and Mrs. Eddie Dickson of Tulsa, Okla., announce the arrival of a son, born March 1. Mrs. Dickson will be remembered as Volene Buster, daughter of Viola and the late Wallace Buster, who formerly lived here.

Those attending the Methodist Church school institute at Hart on February 24 were Mrs. O. E. Tuggle, Mrs. Guy Watson, Mrs. Paul Wetzel, Mrs. Willie Modisette, and Mrs. Leroy Roberts.

The Wayside Cloverleaf 4-H girls club met Tuesday, Feb. 22, at the school. Mrs. Bill Heisler, their leader, was in charge. After the business meeting Frances Heisler and Emilie Cole gave a demonstration on chocolate milk drink, and Nancy Schrib and Loraine Newsom gave a demonstration on cottage cheese refrigerator cookies. Members present were Mary Scroggins, Patsy Schrib, Peggy Caffee, Nancy Schrib, Loraine Newsom, Frances Heisler, Emilie Cole, and Polly Cummins.

The boys Wayside 4-H Club have elected new officers. They are Leslie Adams, president; Robert Kennedy, secretary; Jimmy Adams, reporter; and Darral Watson, vice-president. The boys recently purchased and are wearing their new 4-H jackets.

Mrs. Leroy Roberts gave a hat making demonstration to the Jowell and Pleasantview Home Demonstration Clubs February 23.

Mrs. Leroy Roberts was elected as one of the county delegates to the district THDA meeting to be held at Spearman April 12. She was also elected finance chairman of the THDA.

Our community was saddened by the passing of another pioneer, Mrs. Ada Hamblen. She passed away March 1st in the Neblett Hospital in Canyon. Funeral services were held in the Wayside Church March 4 at 2:30 p. m. Rev. Merle Weathers conducted the services assisted by his brother, Jones, who was Mrs. Hamblen's pastor 25 years ago. She was laid to rest in the Wayside Cemetery by the side of her husband, W. H. Hamblen. Mrs. Hamblen spent most of her life in the Wayside community, and has many friends and neighbors, and a host of relatives to mourn her going. Our sympathy goes out to the children and grandchildren of this noble Christian woman. She was a charter member of the Baptist Church at Wayside.

Just Between You, Me . . .
. . . and the Gatepost

By Lawrence Hunnicutt

Wonder how many fishing trips Saturday's cold wave spoiled? Tommy Lair came into his office wearing a coat pulled snugly about him Saturday morning and A. B. Duncan was having a short laugh out of it. There were quite a few people pulling their coats snugly about themselves Saturday and they also found out how nice hot coffee can be on a cold day. Betty Huffman was almost speechless but her trouble was not attributed directly to the cold wave. She had a bad cold that had sort of drifted into laryngitis. She said it worked out very well since girls in her capacity should be seen and not heard.

Most of the talk concerning farmers this time of year is to the effect that there isn't much chance for a wheat crop in our area in 1955. County Agent, John Brazzil, said there were a few greenbugs about the country but there doesn't seem to be a great deal of concern about them. The farmers appear happy in spite of the fact that it looks as though we'll have one of the worst wheat crops here in the past 25 or 26 years. Of course it won't be quite so disastrous now as it was back in those days because there is more irrigated land now.

One thing the area can boast about is the ever increasing quality of the livestock being grown here. Last week John Brazzil had just come back from the Amarillo Fat Stock Show and he said it was the best one they had promoted there. He also went on to praise the local merchants for the way they supported our own stock show of the Randall County Junior Livestock Association. John added that even though the show had more pigs and lambs than any previous show, they were all sold and at a good price. This was where his praise came in for the local merchants who purchased the stock. The merchants and their cooperation form the very backbone of such an organization as the Randall County Junior Livestock Association.

Saw former county attorney Gene McGlasson Saturday. His resignation from that office became effective March 1 and he is now in private practice of law. He has opened his office on Fourth Avenue between the Randall County Abstract Company and R. B. Allen's accounting office.

Anyone finding a pair of eye glasses and want to find the owner might check with Nancy Brotherton. She and her father, Lawrence were in Saturday to see if a pair of glasses had been turned in at at the News office. We haven't seen them here but we'll keep a look-out for them and Nancy will be very happy if someone can return her glasses.

While coffeeing Saturday with Jack Hughes and George Stevens the conversation got on the subject of dogs. Hughes was wondering why some stray dogs can go around and never catch destemper while a pet that some child loves seems to be in constant danger of this disease. Although George Stevens has had quite a bit of experience with dogs, he couldn't answer the question for Jack.

One of the terms we heard last week was that of "screeching halt." We don't know just how many people come to a screeching halt when they get to this part of the column. It isn't designed for this specific purpose but it is designed to cause a chuckle and a bit of relaxation.

One of the fearful things about success is the fact that when you are successful enough to be able to sleep late you're so old you have to get up early.

Too many girls go into an office for what they believe is a position and find themselves in a situation.

A filing cabinet is a place where you can lose things systemically.

Our business of tomorrow depends upon our busy-ness of today.

News In Canyon 25 Years Ago

(Taken from the files of The Canyon News of March 6, 1930)

A burglar entered the Canyon school building and did about $150 damage to the furniture and fixtures. Little money was taken.

W. H. Upchurch left with the county exhibit for the Ft. Worth Fat Stock Show.

Coach Sad Sam Burton has established a national record for turning out championship basketball teams. In the past eight years at W. T. his teams have played 191 games, winning 160 of them. Pat Gerald, a Canyon boy, played on his TIAA championship team the past year.

PRISCILLA CLUB MEETS IN STEVENSON HOME MARCH 2

The Priscilla Club met Wednesday, March 2, in the home of Mrs. T. S. Stevenson, Sr. As the meeting was in March there was a St. Patrick's Day motif carried out in the decorations. Refreshments of dessert course and coffee were served.

Those present were Mesdames L. A. Donnell, Alfred Bellah, Hud Prichard, Bill Crow, J. M. Daugherty, C. M. Dowlen, Virgil Henson, C. M. Presley, Irving SoRelle, Ray McReynolds, J. J. Walker, Frank Morgan, and H. V. Wimberly, guest of the club.

Next meeting of the club will be held April 6.

NOT JUST TALK

St. Louis, Mo. — Everybody just laughed when Armin H. Schmidt, $60-a-week shipping clerk, talked about investments he had made. However, when Schmidt died recently, he left an estate valued at more than $300,000, including 10,085 shares of stock, some of which are worth only $1 per share, but others more than $100 each.

Canyon Girl Given High Recognition

Miss Bette McGehee of Canyon was among the 26 outstanding students who will be given special recognition in the special section of Texas Tech's Annual, La Ventana.

Miss McGehee is treasurer of the association of women students, and was selected as one of the most beautiful girls attending the college.

GRACE COSTLEY IS HOSTESS TO TOWN AND COUNTRY CLUB

The Town and Country Club met recently with Mrs. Grace Costley at the home of her daughter, Mrs. Roy Gatten, 800 Sixth Avenue.

Two tables of "42" were enjoyed by the guests. Delicious refreshments of pineapple chiffon cake with whipped cream, nuts, mints and coffee were served.

Those present for the occasion were Esther Olson, Gladdis Lair, Sue Brown, Lillie Byars, Jo Cook, and Ruby Burrus.

SPENDABLE INCOME

Spendable personal income — what's left after taxes — reached a new record of $254,000,000,000 last year despite increased unemployment, according to the Commerce Department. Total personal income also reached a new high of $286,500,000,000, up $400,000,000 over 1953. Farm income continued its decline, however, dropping from $16,10,000,000 in 1953 to $15,800,000,000 last year.

Dwight D. Eisenhower, addressing Republican National Committee: "Let's not build up a picture that the worst enemy anyone can have is a Democrat."

ALSO A DEEP SIGH

"Is it proper to applaud a good move in a chess tournament?"

"Yes, it's customary for the spectators to give three loud snores."

2000 MILES OF AMBULANCES [4 ABREAST]
TO TRANSPORT 2,000,000 AUTO VICTIMS

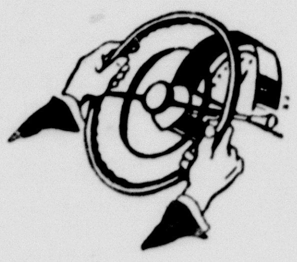
A grim parade, bumper to bumper—and a grim reminder of the colossal toll in injuries charged to recklessness on our highways and city streets. A gruesome addition would be the 45 miles of hearses, four lanes wide, bearing the dead in the wake of the injured.

Look at your watch—every time it ticks off fifteen seconds someone, somewhere is injured. Every fifteen minutes one more life is sacrificed to speed and recklessness.

Late in 1951 the millionth victim was killed in 52 years of recorded highway fatalities. Authorities predict that if the present rapidly growing casualty lists are not curbed a second million will die in half that time.

Is the driving public so calloused to life blood spilled on the highways that it has developed an immunity to sane thinking and acting in this American tragedy? Are you one of those "good drivers" who shrugs off facts and figures and surreptitiously gives the Kiss of Death to those about to die?

Consider carefully—slow down—you may join the big parade sooner than you think.



SLOW DOWN—LIVES ARE IN YOUR HANDS!

Double Ring Service Read For Hunter-Simon Wedding Rites

MR. AND MRS. JIMMIE SIMON

On February 19 Miss Lilamay Hunter, daughter of Mr. and Mrs. J. E. Hunter, became the bride of Jimmie Simon, son of Mr. and Mrs. Frank Simon of Amarillo.

The double ring ceremony was read by Rev. Win R. Matsler in the First Christian Church at 8 o'clock in the evening.

Baskets of yellow gladioli and branched candelabra formed the floral decoration of the altar.

Mrs. Jay R. Hunter, sister-in-law of the bride, sang "I Love You Truly" and "Because." Miss Joann Hill played the traditional marches for the processional and recessional.

Misses Patricia Simon and Diana Ladehoff, cousins of the groom, wearing blue taffeta princess style ballerina-length dresses, lighted the candles.

Misses Jerry Matsler, wearing yellow, and Jacky Matsler, wearing blue, served as bridesmaids. Miss Lucille Simon, wearing blue, was maid-of-honor. All the attendants' dresses were taffeta and were styled identical to the candlelighters.'

Given in marriage by her father, the bride was attired in a white satin ballerina-length dress with white lace covered bodice. She carried a white Bible topped with a white orchid.

Mrs. Hunter, mother of the bride, wore a brown dress with brown accessories and a white carnation corsage. Mrs. Simon, mother of the groom, wore a bright blue suit with navy accessories and a pink carnation corsage.

Following the ceremony the bridal party was feted with a reception in the home of the bride's parents. Draped with a lace cloth the serving table was centered with the tiered cake which was topped with a miniature bride and groom.

For a going-away dress the bride chose a light blue faille with yellow carnations.

The couple will make their home at 2206 Washington in Amarillo.

The bride is a graduate of Canyon High School and attended West Texas State for one semester. She is employed at Southwestern Investment Company in Amarillo.

Mr. Simon is a graduate of Canyon High School. He is enrolled at West Texas State and is employed at Munday-Cooper in Amarillo.

MEETING OF H. D. CLUB COUNCIL HELD TUESDAY

Council meeting of the Home Demonstration Clubs in the county was conducted Tuesday morning, March 1, in the Randall County courthouse. Twelve members and two visitors were present for the meeting. The two visitors were Mrs. Melton McGehee, District 1 vice-president from Wayside, and Mrs. Doris Leggitt, Home Demonstration Agent from Amarillo.

Mrs. E. W. Miller of Happy presided at the meeting. Each of the visiting Home Demonstration Club women gave a report. One of the reports was on the sale of doughnuts and coffee by the Council women at the courthouse the Saturday the livestock show was held. At the time of the meeting the women had counted $117.69 taken in by the sale. When the women get their expenses counted they can determine their net profit on the sale.

The report on the sale was satisfactory. It is believed that the council will net approximately $95 after all expenses are paid.

It was also brought out at the meeting that the council headquarters are being moved from the courthouse to the Farm Bureau building. Members were invited to attend the district meeting of the club council to be held April 12 in Spearman. Meal reservations for the meeting must be in by April 6 for those who wish to attend, it was announced.

CANYON H. D. CLUB MEETS IN MARION HIGDON HOME FRIDAY

The Canyon Home Demonstration Club met Friday, March 4, in the home of Mrs. Marion Higdon. The speaker for the occasion was County Judge Roy Joe Stevens. His topic for the day was the procedure for selecting people to serve on the American jury. The subject was reported as being especially timely since women can now serve on juries in Texas.

Refreshments were served the following members who were present: Mesdames D. A. Brown, J. A. Edwards, Glenn Haynes, W. M. Higdon, Lawrence Hunnicutt, Luke Miller, Douglas Loudder, Milton Myers, Bill Money, J. R. Parker, W. O. Nunley, Crawford Ruthart, George Roden, D. R. Weaver, and the hostess, C. J. Hughes.

The next meeting will be conducted March 18, at 9:30 in the home of Mrs. C. J. Hughes.

SOCIAL PIONEERS TO MEET

Mrs. Henry Cone will be hostess to members of the Social Pioneers Club on March 17 at 3 p. m. All members are requested to make note of this date as it is a change from the usual date.

Revised editions of the Holy Bible, leather binding, $10; cloth binding, $6; at Warwicks. tf

LIPSTICK LOGIC
BY
LOUISE ALLEN

We had a rare treat last week — a visit to our grandmother's old home. Most of the childhood treasures had vanished. Once arbor vitae trees lined the front walk, four on each side, where a child could run, arms outstretched, and feel the stiff green fronds brush her palms. Only four of these remain, trimmed high so as to clear the walk, but they whispered hello.

A plain, sensible door has replaced the garlanded one on which we traced the design with our finger tips. In the wide, diagonal hall we looked for the small card table with its embroidered doily and heavy silver tray. The cheerful green-tiled fireplace and oak mantel that formed a triangle across one corner of her sunny sitting room has been walled up and papered over, like the rest of the room.

The musty parlor, where we read Black Beauty and examined the hundreds of small shells embedded in a huge vase is now a well-aired bedroom. The place has been made into a public dining hall, but we saw only the high-ceilinged rooms. Memory filled in the rest: the silver pitcher and goblet on a marble-topped table, the high-backed rocker, roses blooming around the front porch.

She was a genteel little lady, with white hair drawn softly back into a bun. Armed against wind, sand and drouth with a sizable watering pot and great will, she planted fruit trees, roses, geraniums and lilacs, and wouldn't let them die. She was a Tennesseean, transplanted to West Texas, a true pioneer.

The old house like the gentle woman for whom it was built seemed to say, "True, I've seen better days. But I'm keeping my chin up, come what may!"

CANYON MOTHER-IN-LAW CLUB INSTALLS NEW OFFICERS

Meeting in the home of Mrs. G. B. Combs with Mesdames Mary Burtz, N. A. Croson, H. C. Gentry, and R. A. Bowman as co-hostess, the Canyon Mother-in-Law Club installed new officers at its meeting last week.

Mrs. Combs called the meeting to order. "Silver Threads Among the Gold," club song, was sung. Mrs. R. D. Lowry and Mrs. E. C. Penick entertained with reading.

After Mrs. C. C. Cunningham had installed each officer for the new year, Mrs. Fred Marshall presented that officer a sweetpea corsage.

Mrs. T. T. Fain presided at the tea service and Mrs. Lowry served the individual plates from an attractive tea table which was draped with a lace cloth and centered with a huge arrangement of sweetpeas.

George Cox showed films made of the first Mother-in-Law Club organized in Canyon along with several other interesting reels. Then he took pictures of the evening's activities.

Guests from Amarillo were Mesdames T. H. Rogers, C. C. Cunningham, Frank Allen, W. P. Reed, J. D. Walker. Eighteen club members were present.

Special guests included Mrs. Fred Marshall of Canyon.

WAYSIDE H. D. CLUB MEETS WITH MRS. E. J. MAHLER

The Wayside Home Demonstration Club met with Mrs. E. J. Mahler March 3 at 2:30 p. m. After the business session, Mrs. Paul Wetzel had charge of the program. "Safety in the kitchen" was discussed.

Refreshments were served to Othella McGehee, Cora Bell Roberts, Ella Heisler, Aline Adams, Mickey Rogers, Clara SoRelle, Virlie Wetzel, Joann Newsom, Billy Bible, Bessie Lane, Lou Creek, Delores Allen, several small children and the hostess.

Next meeting will be with Mrs. James Bible March 17 at 2:30 p.m. The subject will be "Lighting in the kitchen." The leader will be Miss Lill. Roll call will be answered with "A thing I need help on."

ALL SAINTS GUILD MEETING TO DISCUSS CONVOCATION

All Saints Episcopal Guild met Thursday evening, March 3, in The Little House of Fellowship with Mrs. Edwin Pettitt as hostess. The meeting opened with a devotion.

The report for the proposed 1955 budget to be given at Convocation was read. Names of new officers to be voted on at the Woman's Auxiliary meeting at Convocation were presented to the Guild.

Mrs. George Hand, official delegate from All Saints Auxiliary, was instructed on the desire of the auxiliary as to her vote.

Next meeting of the Guild will be Thursday evening at 8 o'clock in The Little House of Fellowship. This meeting is being held one week early so that it will not conflict with plans for members to leave for Convocation the following week.

KEEPING TRACK OF FAMILY

Flapper Ann—Goodbye, mother.

Mother — Just a minute, dear, sign the visitor's book in the parlor before you go.

LINDA ANN LOWES CELEBRATES BIRTHDAY

Linda Ann Lowes celebrated her eighth birthday Monday, March 7, by inviting a group of her friends to her home for a party.

A birthday hat was presented each guest upon arrival. After the gifts were opened, games were played until the hour for a favorite TV program.

At refreshment time, a large birthday cake, decorated with candles and a Bo-Peep motif, was the center of attraction. After the candles were blown out, ice cream and individual cakes were served. Surprise favors were enjoyed.

Attending the party were Bobby Kay Parsons, Beth Jarrett, Rose Ellen Parker, Jan and Jill Jarnagin, Gloria Pearson, Sally Nester, and Patsy Bledsoe. Kaydean Barnard was unable to attend.

THURSDAY AFTERNOON, CLUB HAS GUEST EVENING GAMES

On last Thursday evening the Blue Room of the West Texas State cafeteria was the setting for 12 tables of "42" played by members of the Thursday afternoon Club and their husbands and guests.

Hosts and hostesses for the very enjoyable evening were Messrs. and Mesdames T. B. McCarter, Frank Barnhill, and Mrs. R. P. Jarrett.

Foursome tables were attractively centered with flowers for the serving of cakesquare topped with ice cream and strawberries, accompanied by nuts and coffee.

At the conclusion of each set of games, clever directions for determining next partners were given at each table. This caused jolly confusion and contributed to the fun of the evening.

MRS. JOHN WILLIAMS IS SURPRISED WITH LUNCHEON

For fun together a group of friends of Mrs. John S. Williams surprised her by arriving at her home at 2410 8th just at the luncheon hour on Wednesday, March 2, with covered dishes for a complete meal.

Those attending and bringing foods that would tempt the appetite were Mesdames Herschel Jennings, Alvan Jennings, Floyd Tomlinson, John Humphreys, R. A. Neblett, Wesley Cox, J. J. Walker, T. H. Knighton, K. L. Pond, Ross Craig, Jack Vincent of Amarillo, Ray McReynolds, Alfred Bellah, Burney Slack, and W. F. Haggard, and the surprised hostess.

DOG FINDS FORTUNE

La Porte, Ind. — Nine children, playing with a stray dog in a field near Rolling Prairie last May, were the recipients of shares in $587 in currency which the dog dug up in the field. The children turned the money over to the sheriff's office, and when it was not claimed the sheriff divided it among the children.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 208.289 miles of Seal Coat.

NEWS

By VERN SANFORD
Texas Press Association

AUSTIN: Top news of the week is the arrest of Bascom Giles.

The former land commissioner was charged with conspiracy to commit theft of $83,500 in state funds.

Giles' indictment was issued by the Travis County grand jury following investigation of alleged irregularities in the veterans' land program.

He was released after posting a $60,000 bond — first set at $100,000 and later reduced.

Strict secrecy has shroudded Travis County's land fraud indictments.

An unknown number of them have been made. Names of others indicted will be announced as arrests are made.

District Attorney Les Proctor said the indictments were sealed "in the interest of law enforcement." He would not estimate how long it might be before the names could be made public.

Proctor also had asked for a special jury to prevent any let-up in the investigation.

District Judge Charles O. Betts signed an order calling a special grand jury into session on March 10. His order does not limit the jury to land investigations, although that is its actual purpose.

Betts' order will keep the jury in session until the last Saturday in July. The previous grand jury's session expired March 5.

Rumors in Capitol corridors have it that the most outstanding breaks in the land investigation are yet to come.

McLarty Returns

T. J. McLarty of Denver, Colo., one of several real estate promoters indicted in connection with veterans' land transactions, returned to Texas to post a $26,400 bond and talk to legislative investigators.

He has asked the privilege of having other witnesses and records subpoenaed.

Shepperd Busy

A report from the Attorney General's office reveals that since the beginning of the veterans' land investigation in October of last year, John Ben Shepperd's office has been a beehive of activity.

Shepperd estimates he and his assistants have traveled over 18,000 miles and have put in over 41,000 man-hours of time on the veterans land investigation.

Shepperd has met with grand juries almost daily.

Thus far, the Bexar and DeWitt County grand juries have returned a total of 188 indictments against eight persons involved in veterans' land sales.

In addition, the State has filed three criminal complaints in Travis County.

Ten civil suits have been filed against 25 separate promoters. The total recovery sought by Shepperd in these 10 suits is $1,604,000.

Attorney General Shepperd plans to meet with 13 different grand juries during the month of March. He forecasts that this month will see the returning of "hundreds of criminal indictments against most of the persons involved."

Shepperd has added a complete new division to his department to process veterans' land civil and criminal cases. It is headed by Cecil E. Burney of Corpus Christi, an ex-prosecutor and former president of the State Bar of Texas.

Session Passing

Half of the regular session of the 54th Legislature is gone.

Governor Shivers said he wasn't perturbed at the slow start on important tax, water, appropriations and other legislation. He hadn't expected lawmakers to finish much legislation in the first half of the session.

There still is plenty of time, the Governor believes, to complete the program.

Minor Water Bills

Two minor water bills got an okay in the House.

One gives the State Water Board power to review proposals for federal projects. Veto power for the governor, originally in the bill, was stricken out.

The other requires water districts to register with the state board.

Important water conservation measures, involving millions of dollars, have not reached a vote in either house.

Two big insurance bills were hung in committee. Rep. Floyd Bradshaw's omnibus bill would regulate fire and casualty companies of all kinds. Sen. Searcy Bracewell's would regulate life companies.

Regulations in Bradshaw's bills would: Raise minimum capital and surplus requirements (combined) to $200,000 for fire companies; $300,000 for casualty; and $500,000 for companies writing more than one line.

One advocate of his bill said, "Insurance companies have to be born big."

Governor Shivers, on the other hand, said that just because an insurance company is small doesn't mean it isn't sound.

Bracewell's bill would raise minimum capital and surplus requirements of life companies to $200,000 and require that it be kept in cash or bonds, not in real estate.

Rep. Vernon Smith charged that "vicious and false propaganda" by out-of-state insurance companies had impaired confidence in Texas insurance.

SHORT SNORTS: Rep. Herman Yezak suggests the 150-member House be cut to 100 representatives . . . A bill by Sen. A. M. Aikin, Jr., to double drivers' license fees, won a favorable committee report . . . Also approved was a House bill to increase college tuition fees from $25 to $50 a semester . . . Rep. Joe Chapman has offered a bill to soften the driving-while-intoxicated law . . . Bills to create a state utilities commission for rate regulation were pocketed in subcommittees in both chambers . . . Political talk has Senators Crawford Martin, Jerrard Secrest and Dorsey Hardeman in the 1956 races for attorney general or lieutenant governor . . . Agricultural Commissioner John C. White, only Democratic nominee in 1952 to reject Republican cross-filing, is being discussed as a possible choice of Texas liberals for governor.

Read Insurance Policy Carefully

One of the most familiar types of contracts is the insurance policy as nearly everyone carries some sort of insurance protection. Yet, few people take the trouble to read their policies and lawyers have to answer many questions regarding insurance generally.

Here is a problem frequently presented: "I have a hospitalization insurance policy. Will the company pay all of my hospital bills if I become ill?"

It may or may not. Insurance is a contract between the insurance company and the policy holder. In the usual contract the policy holder agrees to pay a certain sum of money for the policy of insurance, and the insurance company agrees that should the policy holder incur hospital expenses that the insurance company will make payment to the policy holder of stated sums, as set out in the policy of insurance.

The insurance policy itself must state the complete contract between the parties. The oral statements of agents not in harmony with the policy are not binding on the company. The company is bound to pay only such sums as are specifically set forth in the policy of insurance.

Practically all policies have a section called exceptions and exclusions. The policy holder should particularly read this section before purchasing a policy of any kind of insurance. It would be possible for a policy of insurance to have so many exceptions and exclusions as to practically nullify any benefits under the policy.

Another question often asked is: "Can I sue the insurance company which issued a liability policy covering the car of someone who runs into and damages my car?"

For all practical purposes you may not sue the insurance company which carries insurance on the other fellows car to protect him from suits in case of his negligence. You must look to the owner or driver of the other vehicle for your damages. Upon his becoming liable to pay those damages to you, then he in turn looks to the insurance company to make the settlement for him, or to reimburse him for the settlement which he has made.

This means that you will have to start all over again and try your case from the beginning before the jury, at a later date. Your case is not dismissed, and you do not lose your rights to be heard on your case because of the word "insurance" coming into the case, but it does mean that the trial then in progress must be dismissed and you must start all over again before a new and different jury.

The theory of the appellate courts is that the mere introduction of any evidence or any testimony to the effect that there is an insurance company involved in any way in the case, is highly prejudicial to the Defendant and his cause of action.

The appellate courts further say that it is reversible error, that is, such error as will set aside the findings of the jury, if the jury is retiring to consider their verdict discuss whether or not either or both of the parties might or might not have insurance to back them up or pritect them.

Deals In Dirt

Special Services Assembly of God Church Friday

Rev. Willes from Gold Coast, West Africa, will give a missionary service at the Assembly of God Church Friday evening at 7:30 o'clock.

He will show colored movie film of the territory in which he has been serving.

The public is extended a cordial invitation to attend.

MOUSE TRIPS ALARM

Omaha, Neb. — When a burglar alarm rang in a municipal court room at the police station, the cops started an investigation. They came to the conclusion that no one was trying to break in but that a mouse had tripped the alarm

'BAD TOOTH' IS MUMPS

Twin Falls, Idaho. — The "bad tooth" Mrs. C. S. Mather thought she had turned out to be a case of mumps. Later she learned that her pet dog also had contracted the mumps.

ANDY SEZ:

Just between you, me, and the gatepost—Whoa, wrong start, but right column—but believe me, there's a lotta' good horse sense in that Lawrence Hunnicutt's column. Folks—read it and see what I mean—I do!!! But now let me tell you when that gal of his went shoppin' for an automatic washer—and she told me she shopped—guess which washer she chose? **Of course, Frigidaire Imperial**—Lawrence got it for a (surprise?) Christmas present. It just goes to show that those who care really do buy **Frigidaire!!!**

And before I go any farther I do want to congratulate Mr. and Mrs. A. W. Bergeron on their choice of the beautiful Frigidaire CTD103 Refrigerator. I know after talking to the many high pressure salesmen in Amarillo that they really set a task for themselves, but—they knew what they wanted—QUALITY AND PRICE, and they found both in Frigidaire. QUALITY—why none can compare to Frigidaire—and PRICE—why there's a Frigidaire for everyone's pocketbook or budget. Put the two together and you can't top Frigidaire—it's the best.

Proof of the puddin' is the eatin'—Madison Daugherty sez'—**it so happens that Madison has one of the first Frigidaires installed in Canyon**—and it's still in operation in his kitchen—it's only 33 years old he sez—now can you top that?

By the By Mrs. Dudley Moore was left speechless ! ! !

Around the Town . .

(By Mrs. Clyde W. Warwick)

T. G. Hull, Jr., president of the Chamber of Commerce, has appointed Mrs. Clay Cooper to have charge of a drive for new books for the Randall County Library.

Mrs. Cooper has her plans nearly complete and will start the drive April 1. She has asked that women volunteer to help her and the many women have agreed to raise $25 each. Mrs. Cooper hopes that all will give $2.50 each or more for new books or will give good books from their own library. She asks that all donating books write their names in the books. In that way if there are duplications the books can be returned to the givers.

The money raised will be turned over to the library board for use in buying much needed new books.

Those who have volunteered to help Mrs. Cooper so far are: Mesdames Tony Dewey, Frank Morgan, Joe Gibson, Milton Morris, Levi Cole, Charles Donnell, Bill Wilson, Dan Sanders, Clyde Warwick, Roland Black, W. E. Miller, Boone McClure, Bob Jarrett, Irving SoRelle, Tom Knighton. These are all Mrs. Cooper has been able to contact so far, but if you are interested in this movement call Mrs. Cooper. More workers are needed.

If you have books you would like to give to the library, call the Chamber of Commerce or any member of this committee and they will come for your books. Let's get behind Mrs. Cooper and help her all we can in this most needed cause.

Mr. and Mrs. O. G. Steen have as their house guest Mrs. Steen's cousin, Miss Katharine Hall of Wichita Falls. Mr. Steen has been bedfast for some time and when Mrs. Steen had her recent attack of pneumonia, Miss Hall came to help in the care of her and has stayed to help care for Mr. Steen.

Miss Hall is a retired bank teller, serving as teller for almost 40 years. A few years ago she decided to retire and travel. Her first trip was to King Tut's grave. She said that reading about his tomb she felt she "just had to see it." She saw King Tut's casket. It is composed of three caskets, one inside the other, and are the most beautiful blue one can imagine. His casket was first placed in the Museum at Cairo, but was later taken back to the tomb where it was found.

Recently she returned from a trip around the world on an English freighter, the Cingalese Prince. She left from Los Angeles and returned there 18 weeks later. She says these English freighters are as "clean as a pin," that the service is wonderful. Each passenger has a single room, sharing a bath with one other passenger. These freighters always try to get their passengers from two or three different countries.

At the ports where the freighter loads and unloads freight the passengers go ashore. She spoke of her days at Singapore, here they took on rubber; Ceylon, where they took on tea. In Ceylon three of them, including a Frenchman, rented an Austin car with a driver who, she said, was barefooted and wore a skirt. He drove them into the interior where an ancient city is being excavated. In India they took on tea and cashew nuts. Miss Hall said cashew nuts are raised in Africa but the natives of Africa will not shell the cashews, as they are very tedious to shell, so they are shipped to India and the natives in India shell them and send them on to America where they are prepared for market.

Miss Hall spoke of the extreme wealth and poverty of China, India, Egypt, and many other countries she has visited. The Palaces for the wealthy and the worse than hovels for the poor; saying the wealthy in many of the countries where she has been do not help the poor like in America. She said it was her opinion that the wealthy in many of these countries wanted this extremely poor class so they would be assured of a large, cheap laboring class.

Miss Hall tells of one terrible storm they had at sea. She said the waves were like mountains, and their ship was tossed about like a match. Although they had life preservers and life boats, all realized these would be useless in a storm such as they were in. She said the English sailors are wonderful navigators and they were able to bring their ship through this storm, with very little damage.

Miss Hall has passage for another trip around the world beginning in September. She will sail again on the Cingalese Prince, taking another route. She says "Traveling, once you start, gets in your blood." Miss Hall has many interesting tales of her travels, visiting with her is almost like taking a trip yourself.

Eggplant Supreme

This is the recipe of the famous Tree Inn at Kingman, Arizona.

Peel one large eggplant and slice thin. Boil slices until tender in salted water. Drain well and mash. Then mix in two tablespoons butter.

Take one eight ounce can of clams or oysters. Mince the clams or oysters. Save the juice.

Butter a casserole and put in a layer of eggplant, a layer of clams or oysters, a layer of crackers, and dots of butter, using about three tablespoons of butter in all. Blend one-half cup of milk and the clam or oyster juice, salt to taste, and pour over mixture. Bake in 350 F. oven for 30 minutes.

Serves four or six people.

Bob Wear, Hereford, says: "A life of ease is never a happy and useful life, because easy living doesn't make a man strong or bring any lasting joy into his life."

Cooper's Market has added a new line; NOW you can buy fried WORMS at $1.47 for 1 oz.! Diamondback RATTLESNAKE one 5 oz. can for $1.49! Alligator soup, this is cheap, 12 oz. for $1.29! I knew all along Clay and Irma shouldn't have taken that trip to New Orleans. No telling what Irma will bring back from Europe. Reminds me of a poem I learned when a child:

There was a little robin, whose
head was always bobbin,'
Who remarked as he gobbled up
a worm;
"I have eaten all his brothers
and ninety-seven others,
But, Golly! how they tickle when
they squirm."

B. T. Bodine says: "The so-called common place exists only for those who are common place. To be bored with your surroundings, which, in reality, is to be bored with yourself, is not an indication that you are different or superior, but that you are blind to the beauty diffused about you. The common place has been the inspiration of genius, literary and artistic, in all ages. The great painters have made it immortal on canvas—"The Angelus." The great poets have enshrined it in deathless verse—'The Cotter's Saturday Night.' Balzac, Dickens and Mark Twain reveled in the common place.

"Genius exalts the common place and in so doing finds its chief joy. Would-be-genius lacks the gift and is bored. The man thoroughly alive, physically and intellectually, can always find interest and inspiration in the activities of the everyday folks about him. Not to be able to do this is to confess that you lack real culture."

Someone else put it this way: "If you cannot change conditions you can always change yourself."

Brown sugar does not become lumpy if it is stored in a covered container with half an apple or carrot or lemon in it. Place a piece of foil on top of the sugar and place one of these on top. The sugar will keep in the box if the box is put in a plastic bag and closed tightly.

Fortunate is he whose love extends beyond the confines of his home—to neighbors just across the street and those beyond the sea—whose life has never cherished hatred, jealousy or fear—but filled with love Divine—gives all and asks for naught.

"A good name is rather to be chosen than great riches, and loving favor rather than silver and gold. The rich and poor meet together: the Lord is the maker of them all." Proverbs 22:1-2.

Bible Verse to Study

"Except a man be born again, he cannot see the kingdom of God."

1. What is meant by the statement, "be born again."
2. Who made the above statement?
3. To whom was he speaking at that time?
4. Where may this statement be found?

BIBLE VERSE ANSWERS:

1. Spiritual regeneration — complete inward rebirth.
2. Jesus Christ.
3. To Nicodemus, a prominent ruler of the Jews.
4. John 3:3.

Gold is tried by fire, brave men by affliction. —Seneca

The good are better made by ill,
As odours crushed are sweeter
still. —Rogers

When pain can't bless, heaven quits us in despair. —Young

Oh, ear not in a world like this,
And thou shalt know ere long,
Know how sublime a thing it is
To suffer and be strong. —Longfellow.

MRS. LEVI COLE IS HOSTESS LOU LESTER CLUB MEMBERS

On Tuesday, March 1, Mrs. Levi Cole was hostess to members of the Lou Lester Club.

A short business session was presided over by the president, Mrs. Cole. Following that session a social hour was enjoyed.

Old Christmas cards are being collected by the club to be sent to a Shrine hospital where there is need for them.

Delicious refreshments of strawberry filled angel food cake, cheese sticks, Chez-its, mints and coffee were served by the hostess to Mesdames Gladys Marshall, H. E. Campfield, Ed Gerald, Lorenzo Wirt, Nina White, Ray Fullerton, Marie Hair, and Miss Vera Crawford.

Next meeting will be in the home of Mrs. Lorenzo Wirt.

WINGS

"Is your family going to be active in society?"

"I suppose so," answered Senator Sorghum. "You can't expect them to deny themselves the same pleasures that they enjoyed at home."

"Will you become a social butterfly yourself?"

"No, I'll keep working hard and try to fly high enough to get into the airplane class."

CIVIL DEFENSE IS TOPIC FOR SUNNYHILL H. D. CLUB MEET

Sunnyhill Home Demonstration Club met February 24th in the D. L. Allison home with 11 members present.

Meeting was called to order by Mary Neal Henry. The group sang "The Eyes of Texas" for the opening exercise. Mrs. J. B. Knox gave the T.H.D.A. report and plans were discussed on the county-wide Rummage Sale.

Program was given by Rosie Miller and Leona Henry on "Civil Defense."

Refreshments of cream cheese, Ritz, cherry pie, whipped cream and coffee were served to Ester Quanstrom, Mrs. J. B. Knox, Mary Jane and Rosie Miller, Bonnie Gist, Gene Robinson, Kitty Campbell, Leona and Mary Neal Henry, Mary Nell Culp, and the hostess.

Senators demand that publishers clean up "comics."

Scrap iron and steel exports are at a postwar high.

Backus retains his weight-throw title in U. S. meet.

MISTAKE

She—John, dear, I wouldn't let any one else kiss me like this.

He—My name isn't John.

African Game In Palo Duro

The Claude News of last week published the following article:

According to game warden, Lake Black, plans are underway in the near future to release some 70 Cici Rock Potridge and a sizable number of Barbra Sheep in the Palo Duro Canyon area of Armstrong County.

The Cici are natives of Africa and are similar in appearance to Blue Quail but slightly smaller. They are very profilic and reported to do well in a habitat similar to that of the canyon. These birds will arrive by air express directly from Africa.

The sheep will be secured in the mountainous regions of California and will be delivered to Armstrong County by the Game & Fish Commission. This species of sheep are natives of the Barbra Coast of Spain and will weigh around 400 pounds when full grown. They produce an exceptional trophy head and also produce good meat.

Black states that they expect both species of this new game to do exceptionally well in this vicinity. This same species of sheep have done excellent in the Canadian river area of New Mexico.

Contracts with individual landowners are being secured by the Game & Fish Commission to provide adequate protection for a period of three years on the birds and five years on the sheep.

Open season is expected on these new species of game at the end of the three and five year periods.

WT Music Student Sings at Lions Club

Fawayne Murphey, freshman music student at West Texas State from Dimmitt, sang four songs for the Lions Club last Wednesday. They were "One Alone," "Be My Love," "Serenade," and "Go Away From My Window," an Appalachian folk song.

He was accompanied at the piano by Miss Nancy Patterson, junior music student at WT from Hereford. The program was arranged by Denver Cornelius.

Visitors were Lions Mark Graham and John S. Mullen, Childress; Cliff Chapman, Arthur Cunningham and Win Matsler, all of Canyon.

The Hereford Lions Club was scheduled to meet with the Canyon club today.

Fifteen Lions attended the luncheon of one of the Lions clubs in Amarillo last Tuesday.

Let us be patient!
These severe afflictions
Not from the ground arise.
But oftentimes celestial benediction
Assume this dark disguise. —Longfellow.

PRICE GROCERY
ACROSS FROM HIGH SCHOOL

POSTAGE BOOSTS

"To meet increased costs; to provide facilities for growing mail volume and to improve service," Postmaster General Summerfield has asked Congress to raise the price of mailing a letter from three to four cents. For the same reasons, he called for an increase in domestic airmail and second and third class rates. In all, the rate increases would yield more than $332,000,000 a year.

UNEMPLOYED

Approximately 500,000 persons were added ti the ranks of the unemployed in January, due to the winter lull in some businesses. Another half million may be added this month due to the same cause. As of the first week in February, there were 3,347,000 men and women—or 5.2 per cent of the labor force of the nation—out of work in January.

JANUARY BUILDING

Construction outlays during January totaled $2,800,000,000, a record for January, according to the Commerce and Labor Departments. This total was about 20 per cent higher than a year ago, with half of the total devoted to home-building. This, too, represented a new high for January .

Wayne Morse, erstwhile Independent U. S. Senator from Oregon: "I have become convinced that I can make my best contribution to a legislative program that will best serve the people of Oregon, and the nation, under the banner of the Democratic Party."

Secretary of the Navy Thomas: "Our Navy is well equipped to carry out its part in either global or limited warfare."

Ezzard Charles, ex-heavyweight boxing champion, after beating Charley Norkus: "I'm ready to take them as they come—Moore, Valdes and the rest."

Virtue is like precious odors—most fragrant when they are incensed or crushed. —Bacon

PEACE ON EARTH

"Son, I'm 96 years old, and I haven't got an enemy on earth."

"That's a real accomplishment."

"Yes, sir, the last one died almost a year ago."

WORTH A TRY

A campaigning senator is reported as confessing, apologetically, to his audience: "I was born over a drug store. On account of the labor and lumber shortage the year I was born, only a few wealthy Republicans could afford log cabins."

BUT KEEP IT QUIET

Overheard in the State Department after Defense Secretary Charles E. Wilson's now famous Detroit press conference:

Two civil servants met at the water fountain. "Are you a kennel-fed dog or a bird dog?" asked the first. "Neither," replied the second, "I'm a hushpuppy."

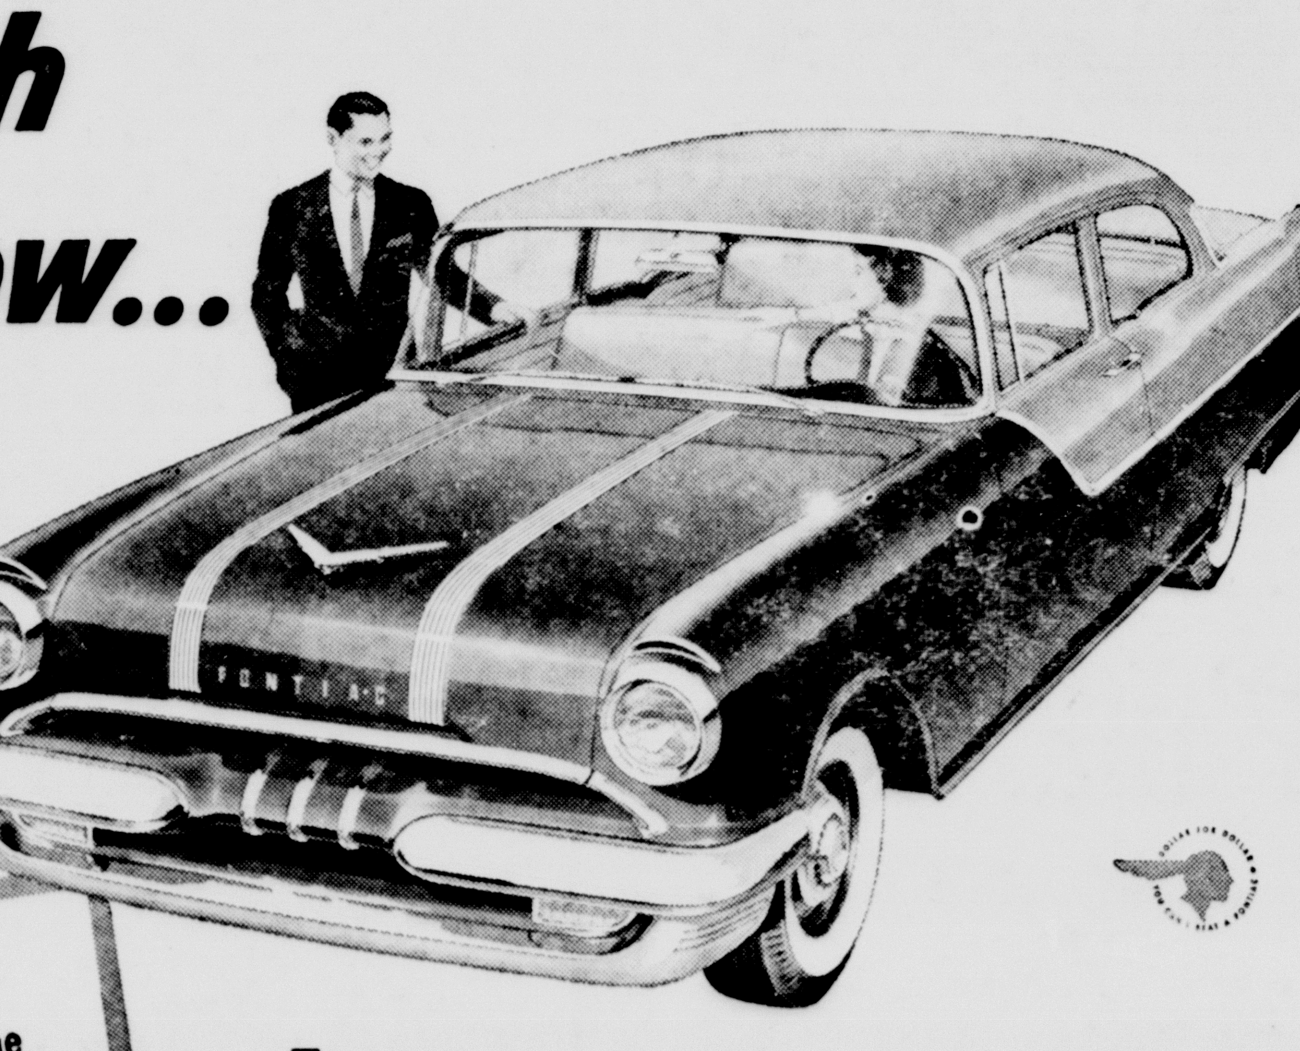
Look high
and low...



1. You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars or stripped economy models of higher-priced makes!

2. Only Pontiac gives you luxury-car size plus the sensational Strato-Streak V-8!

Biggest car at its price (122" and 124" wheelbases) • Most powerful car at its price (180 horsepower) • Only car at any price with distinctive Vogue Two-Tone Styling and the riding and driving ease of the torsion-free, Shock-proof Chassis.

The most enthusiastic Pontiac owners are those who have taken this advice. They've looked the field over from top to bottom—and here's what they learned:

Pontiac is way up there with costly cars in wheelbase, roominess and riding ease. It's big and comfortable, yet handles with expensive sports car nimbleness. The exciting dash and compelling drive of the Strato-Streak V-8 produce the richest thrills in motoring. And Pontiac is America's most distinctive car in styling as in action.

Come in for the facts about this "all-time" value leader and our generous appraisal of your present car! Find out how little it takes to switch to modern motoring.

and you'll go Pontiac!

Latest Rumors From Political Front of Nation

President Eisenhower may need to exert a good deal of White House pressure to keep Congress from cutting U. S. appropriations for support of the United Nations, and to block demands for changes in the U. N. Charter when that Charter comes up for possible revision next September.

William Knowland, California Senator and Republican Floor Leader in the Senate, is expressing a rather widespread feeling in Congress with his criticism of the use of the United Nations by Communists as a sounding board for propaganda attacks on the United States.

Ezra Benson, Secretary of Agriculture, is not going to be able to sell or barter surplus U. S. farm products to Communist nations. Herbert Brownell, Jr., Attorney General, has ruled that deals of this kind would be against the law, and there is no sign that Congress is interested in changing the law. Gifts of food would be legal.

John Foster Dulles, Secretary of State, disappointed nations in Asia by not being able to promise them a big new program of U. S. economic aid. George Humphrey, Secretary of the Treasury, is reported to have blocked the idea of a Marshall Plan for Asia at a time when U. S. Government finances are in none-too-good shape.

Arthur Burns, Chairman of the Council of Economic Advisers, regards himself as a private adviser to the President. He dislikes making public statements, and it takes official pressure to get him to make a speech or hold a press conference.

Chiang Kai-shek, leader of the Chinese Nationalists, is finding that Formosans make good soldiers who can be integrated with the Chinese. This discovery, in actual practice, opens a manpower pool of 800,000 and removes any questions about ability of the anti-Communist forces to replenish themselves over the years.

Betting odds are rather heavy that, in the next showdown with the Communists, the United States will let the Chinese Communists get possession of the islands of Quemoy and Matsu and also will agree before another year is out to admit the Communist Chinese to full membership in the United Nations.

Sam Rayburn, House Speaker, and President Eisenhower are tending to square off for a number of political fights, after an earlier appearance of interparty harmony. Reports have it that tales are being carried between the two by emissaries interested in developing an argument.

John McCormack, Massachusetts Representative and Democratic Floor Leader, is turning out to be the toughest of the top Democrats in his reaction to Republican plans. Mr. McCormack is a strong New Dealer who doubts the political wisdom of cooperating with the Republicans.

President Eisenhower looks to Clifford Roberts, New York investment banker and president of the Augusta National Golf Club, when he wants advice about his personal finances.

Richard Nixon, Vice President, is turning out to be the President's No. 1 adviser on matters of national politics, but not on the course to follow in dealing with the Democratic Congress. And, on military matters, Mr. Eisenhower trusts his own judgment when disputes arise.

Sir Winston Churchill and Sir Anthony Eden continue to be somewhat nervous about the possibility that President Eisenhower might open a direct line of communication with Marshal Georgi Zhukov, Ike's old friend who now is Soviet Defense Minister. The British belittle Zhukov and the position of the Red Army.

A high French official, commenting on delay in approving plans for a German Army, says this: "So long as France holds out against the German Army, U. S. will offer aid, advice and many good things, including a voice in all important decisions. But, once France gives approval, she no longer will be considered important and Germany then will get the favored treatment."

Konrad Adenauer, German Chancellor, did not respond to feelers that he should invite India's Jawaharlal Nehru to pay a state visit to Germany. Mr. Adenauer was careful not to become associated, even indirectly, with the idea of "neutralism" that Premier Nehru is peddling around the world.

A build-up is getting started to give India the place on the Security Council of the United Nations now occupied by Nationalist China. The purpose would be to give a neutral in the conflict between Communism and anti-Communism the position now held by an anti-Communist as a preliminary step to getting Communist China into the U. N.

More, not fewer, fighting men are needed in a push-button war of the atomic age, General Bedell Smith told Congress.

If you will think about what you ought to do for other people, your character will take care of itself. —Woodrow Wilson.

Junior: "Papa, what is the person called who brings you in contact with the spirit world?"
Papa: "A bartender, my boy."

WASHINGTON AND

"SMALL BUSINESS"

By C. WILSON HARDER

Washington talks about changed attitudes of native Americans who join State Dept.

* * *

There is something about a State Department job that turns a man from an American viewpoint to a fervent desire to promote first the welfare of every other nation on the globe.

C. W. Harder

* * *

In debates proposal to going on over slash tariffs, this attitude is being reflected almost daily by many members of Congress.

* * *

Rep. Noah Mason of Illinois the other day took issue with claim that Reciprocal Tariff Treaties promote world peace, pointing out that in the 21 years U.S. has been entangled in these matters the long Spanish Civil War, World War II, the Sino Japanese War, the Russian-Finnish War, Korea, eight years of war in Indo-China, fracasses between England and Egypt, between Pakistan and India have taken place.

* * *

Rep. Cleveland Bailey of West Virginia states that when Congress originally passed first Reciprocal Trade Treaty it was not the intent to pass power to State Department to engage in a "morass of political intrigue."

* * *

Rep. Robert Mollohan, also of West Virginia, gave a long discussion, in which he introduced extensive material showing the damage that already low U.S. tariff rates are working on American industry and business.

* * *

For example, it was stated the billions U.S. taxpayers have poured into foreign relief has done nothing to help average citizen, while building up big foreign interests. In Britain in 1938 average wages were 37% of U.S. wages, in 1952 this declined to 28%. In France the decline has been from 43.3% to 31%, in Germany from 46.6% to 22% and in Holland from 41.32% to 20.4%. Thus, foreign aid programs have depressed living standards of Europeans while building their monopolies to exceed 1938 production levels.

* * *

It was also pointed out during Congressman Mollohan's discussion that 32 man Committee for Economic Development that is strongly behind tariff slashing, only has one member who would be hurt by lower tariffs, and he and one other cast only votes against recommendation.

* * *

In American pottery business, he stated, man hours worked in the industry dropped from 25,700,000 in 1948 to 16,700,000 in 1953, while sales dropped 25%.

* * *

Yet china imports from Japan increased from 206,000 dozen to 3,915,000 dozen between 1948 and 1953, imports from Germany increased from 118,000 dozen in 1948 to 441,000 dozen in 1953, imports from England increased from 188,000 dozen in 1947 to 441,000 dozen in 1953. In 1935, when Reciprocal Trade Treaties were just getting underway, only 30,000 dozen were imported from England.

* * *

This is but one of several score industries already being damaged by too low tariffs

* * *

Yet, as several Congressmen point out, it is now sought to give the Secretary of State more powers to go to an international tariff convention in Geneva to further give away more American jobs, more American businesses, without those workers, or businessmen having a voice, or representation in deciding their future. In 1776 issue was taxation without representation; in 1955 issue appears to be annihilation without representation.

ON THE TRAIL

About age 16, most boy scouts become girl scouts.

CORRECTING MISTAKES

All men make mistakes, but a good man yields when he knows he is wrong. —Sophocles

---

He that never changes his opinions, never corrects his mistakes, and will never be wiser on the morrow than he is today. —Tryon Edwards

---

Even a mild mistake must be seen as a mistake, in order to be corrected. —Mary Baker Eddy

---

The one and only serious mistake is to be afraid of making mistakes. —C. A. Smart

---

The errors and misfortunes of others should be a school for our own instruction. —Thomas Jefferson

---

There are no dead ends. There is always a way out. What you learn in one failure, you utilize in your next success. —Henry Ford

VACUUM

A schoolmaster was lecturing to a class upon the circulation of the blood. "If I stand upon my head," he said, "the blood will run down to my head, will it not?"

"Yes sir," assented the boys.

"Then," said the master, "why does the blood not run into my feet when I stand on my feet?"

There was a pause for a few minutes when a bright youth replied, "Please, sir, it's because your feet ain't empty."

NOT THAT LONG

The bright young thing entered a shop and approached the counter.

"I want a present for an old gentleman," she said.

"Yes, miss," replied the assistant. "Something nice in ties?"

"No; he has a beard."

"H'm! Perhaps a fancy vest might be suitable?"

"No! It's a long beard."

The assistant sighed wearily. "Well, how about carpet slippers?"

GUILTY CONSCIENCE

Battered Motorist — "Where am I?"

Nurse — "Take it easy now. You're in Number 127."

Motorist — "Room or cell?"

CONSCIENCE

Small boy's definition of conscience: "Something that makes you tell your mother before your sister does."

I hope that I shall always possess firmness and virtue enough to maintain what I consider the most enviable of all titles — the character of an honest man. —Washington.

No man really becomes a fool until he stops asking questions. —Charles P. Steinmetz

TOURIST

Customer: "What's the charge for this battery?"

Garage Man: "One and one-half volts."

Customer: "How much is that in American money?"

The railroad industry is perturbed by the shift of mail freight.

How To Hold
FALSE TEETH
More Firmly in Place
Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug counter.

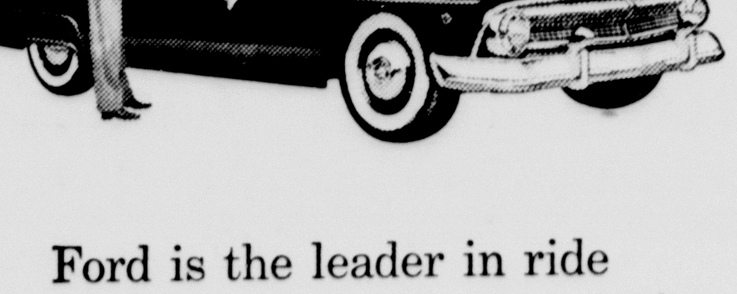
MORE PEOPLE
BOUGHT FORD
CARS IN 1954
than any other make!
Ford passenger-car sales to customers outnumbered
those of any other make by thousands*



AND IT'S EASY TO SEE WHY!
Ford is the leader in styling
Motorists know that Ford has set the style trend in the industry for years. And now, with styling inspired by the fabulous Thunderbird, Ford is farther out front than ever!
Ford is the leader in V-8 power
Ford was first in its field (by 23 years) to provide the advantages of V-8 power. Since that time, Ford has built over 14,000,000 V-8 engines—*more than all other makers combined!* For 1955, Ford offers *two* new and mighty V-8's, as well as a most modern Six—all with the split-second response of Trigger-Torque power!
Ford is the leader in ride
Ford was first in its field to introduce Ball-Joint Front Suspension—the greatest advance in chassis design in 20 years. For '55, it's even better. Springs are set at an angle to smooth out even the tiniest bumps. It's the new Angle-Poised Ride.
FORD IS THE LEADER
